The following Betting Rules pertaining to the bookmaker PariPesa (hereinafter referred to as the Rules) stipulate the manner of accepting bets, paying winnings and resolving disputes, as well as the specific features of certain bets on certain sports. These Rules shall govern any other relations between the bookmaker PariPesa and the customer.
These Rules shall apply to betting on the website and at PariPesa betting facilities.

Bet	-	is a risk-driven agreement for potential winnings entered into between the customer and the bookmaker under the established Rules, where the fulfillment of such agreement is conditioned by an event whose outcome is yet to be determined. Bets are accepted on the conditions offered by the bookmaker.
Outcome	-	is the result of the event (events) on which the bet was placed.
Customer	-	is an individual placing a bet with the bookmaker on an outcome.
Bet Cancellation	-	is an outcome on which the bet is not settled and winnings are not paid. As per the Rules, in the event of “bet cancellation”, an arrangement between the bookmaker and the customer shall be deemed unconcluded and the stake shall be refunded.
Regular Time	-	is the duration of the match subject to the regulations of the relevant sport, including time added by the referee. Regular time does not include extra time, overtime(s), penalty shootouts, etc.

The bookmaker shall not be liable in relation to the moment when they become aware that the customer falls within any of the aforementioned categories. 12. Betting terms (odds, handicaps, totals, maximum stake limits, etc.) may be subject to variation after a bet has been made, but this does not affect the terms at the time the bet was placed. Before entering into an arrangement, the customer shall check all changes in the current pre-match markets.
13. Bets placed on events, the outcome of which was known at the time of placement, shall be settled at odds of 1.

18. If an employee makes an error while accepting a bet (obvious misprints on the list of events, inconsistency of odds between offered betting markets and the bet, etc), or a bet is accepted in violation of these Rules, or if there are any other indications that the bet is wrong, the bookmaker reserves the right to declare such bets void. Returns on such bets shall be paid at odds of 1.
19. In the event of suspicions in the unsportsmanlike format of matches the company reserves the right to block bets on sport event before final conclusion of an international organization and declare bets as invalid if the fact of an unsportsmanlike game is determined. 24. In no event shall the bookmaker PariPesa be held liable to the Customer for any indirect, collateral, or incidental losses or damages (including loss of profit), even though they may have been notified that such losses or damages are likely to occur.
25. No connection failure while receiving confirmation of a bet shall entail the cancellation of such bet.
26. Placing a bet acts as proof that the Customer agrees to and accepts these Betting Rules.
27. Bets shall be settled and winnings shall be determined based only on the results declared by the bookmaker. Any complaints about the results, date, and actual starting time of the event shall be considered together with official documents from the relevant sports federations.
28. Should the bettor commit fraud in respect to the bookmaker (such as the registration of

multiple accounts, the use of automated betting software, arbitrage betting, if the betting account is not used for betting, the improper use of loyalty schemes, etc.), the bookmaker reserves the right to stop such fraudulent actions by:
    - bet cancellation;
    - closure of the customer's account. Money that has been deposited into the account will be refunded.
    - filing a claim to a law-enforcement agency.
29. No complaint in connection with or arising from transliteration (or translation) of a team name, player's surname, or sports venue will be considered by the bookmaker. A tournament title is given for convenience only. No mistake in a tournament title shall result in a stake refund.

Customers may register only one account per family, address, e-mail address, IP address, credit/debit card, e-wallet or electronic payment method. Persons otherwise associated with a customer will not be allowed to register on the website. The bookmaker administration reserves the right to request certain personal details from the customer (passport details, registered place of residence) as well as a video-conference. The user gets the results within 5 working days after video call ends.
31. An account is blocked after staying inactive for 3 months. To unblock an account please contact Security Service at security@paripesa.com
32. No registered customer may be re-registered as a new customer (under a new name, with a new email address, etc.). Should re-registration (inter alia under a new name), provision of someone else's documents, or use of invalid or false documents (including documents altered by means of image processing software) be proved, the administration reserves the right to void any bets placed from such an account. If the Customer refuses to undergo verification, the administration reserves the right to void their bets. Further, the administration reserves the right to block such an account (being re-registered) for the period of investigation. The bookmaker administration can make an individual exception upon the Customer's request.
33. In exceptional cases, upon the bettor's request, the bookmaker may alter the account currency. In order for that to be done, the Customer should e-mail their request to security@paripesa.com with the subject "CHANGE OF CURRENCY". A photo of the main page of the Customer's passport should be attached thereto. For this transaction the bookmaker charges 10% of the amount being converted.
34. The bookmaker reserves the right to close a betting account immediately and void any bets placed thereon should the bookmaker establish that:
    - when the bettor placed the bet, they had information on the result of the corresponding event;
    - the bettor was able to influence the outcome due to their participation in the match (sportspeople, coaches, referees, etc.) or because they acted on behalf of participants;
    - bets were placed by a group of bettors acting in concert (as a syndicate) in order to exceed the limits setby the bookmaker;
    - one bettor has a few betting accounts (multiple registration);
    - the bettor is suspected of using special software or hardware facilitating automated betting;
    - unfair means were used to obtain information or circumvent restrictions imposed by the bookmaker.

      In the aforementioned circumstances balances on customers' accounts shall be refunded after an investigation has been concluded. The balance shall be calculated excluding any unfair profits generated. The bookmaker reserves the right not to reimburse the bettor for any service charges imposed by payment systems while depositing and/or withdrawing monies from the PariPesa account.
35. Due to the increasing number of fraudulent actions such as multiple registrations and violations of the betting rules by customers, the bookmaker reserves the right to hold a video conference

on Skype in order to verify the Customer’s identity.

36. Should the bookmaker’s Security Service have any concerns about the bettor’s identity or their personal details (address, credit or debit card, other data), they are entitled to request any documents from the bettor substantiating their identity or other submitted data at the bookmaker’s absolute discretion, as well as to cancel any payments until all such details are verified. Verification may take up to 72 hours from the receipt of documents. If it is proven that the submitted data is false, the bookmaker is entitled to cancel all bets and suspend all transactions for an indefinite period of time and proceed with full verification of the account. The betting company has the right to request for the documents to be sent by the post. The bookmaker reserves the right to request any documents required for such verification.
37. The account holder confirms that any activities on the account are performed by themselves. If the account is managed by a third party, the account holder shall take exclusive responsibility for access to the account.
38. The bookmaker reserves the right to update these Rules and add new provisions at any time. Such new rules or amendments shall take effect immediately after publication on the website.

The bookmaker accepts bets based on a list of betting markets with odds that reflect the perceived probability of each outcome.

1. The minimum stake on any single selection is $0.30/€0.20.
2. The maximum stake is determined by the bookmaker for each selection separately. Maximum stake limits vary by sport and event. Whenever an accumulator (system) bet comprises several legs with different stake limits, the lowest maximum stake limit shall apply. Maximum odds for a single bet is 200, for an accumulator bet is 500.
3. The maximum return is limited to €60,000 (or the equivalent sum in a foreign currency) per bet.
4. The bookmaker reserves the right to limit the maximum stake or odds on certain selections as well as to limit or raise the maximum stake or odds for certain customers without any notification or giving reasons.
5. The bookmaker reserves the right to declare correctly predicted multiple bets (bets on the same outcome or combination of outcomes though with different odds) void. Such bets shall be settled at odds of 1.00 if the total amount of these stakes exceeds the maximum stake limits set by the bookmaker.
6. A bet is considered to be accepted after its registration on the server and its online confirmation. Registered bets may not be altered or revoked.
7. Bets are only accepted in amounts not exceeding the current balance on the customer's account. Once a bet has been registered, the stake is debited from the account. After bets have been settled, the return is credited to the customer's account.
8. Bets are accepted before the start of the event; the relevant date, starting time, and commentary shown in the Sports section are indicative. Any bet placed after the event has started for any reason will be deemed void, except for in-play (live) bets, which are bets made while an event is taking place. Such bets shall be deemed valid until the end of the match.
9. SPORTS and LIVE bets may not be changed or deleted except for the certain cases described in paragraphs 10-14.
10. If a single bet is canceled, the relevant stake is refunded. In accumulators and system bets, when any leg or legs are canceled, such legs shall be excluded from the bet settlement.
11. If bets are settled incorrectly (e.g. the results were entered by mistake), such bets shall be recalculated. However, bets placed in the period between the erroneous settlement and recalculation shall be deemed valid. In the event the bettor's account proves to be negative after such recalculation, no bets may be placed until the bettor has made a sufficient deposit.
12. No sports event shall be deemed rescheduled or canceled unless the same is announced in official documents issued by the event organizer, on official websites of sports federations, on websites of sports clubs, or by other sources of sports information. Events indicated in the Sports section shall be adjusted accordingly.
13. A bet shall be canceled should the customer deliberately mislead the staff (bookmaker employees) by submitting false data and requests pertaining to betting, payouts, results of the event, or any other details or requests of such nature. This rule shall also apply to minors (individuals under 18 years of age) and their parents.
14. A bet shall be canceled if it has been placed on a known outcome (an event has finished, but the results have not been updated).
15. **The "Simultaneous finish"** rule is the outcome in which there is more than one winner of the event, tournament, championship etc. Should two winners be announced then stake amount is divided into 2 while calculating bets. Should three or more winners be announced then bets will be settled with odds equal to "1". This rule does not apply to the markets "To be higher".
16. Bets on regional championships (football, futsal, hockey, etc.) are settled within 10 days from the publication of the results on official websites thereof. You can find the list of official websites

in the section "Main Sources of Information". If one of the teams does not show up, all bets shall be settled at odds of 1 (refund). In this event the non-participant forfeits the game.

3.1. Bet slip sale

The Company offers a "Bet slip sale"; feature. If customer does not want to wait until their bet has been settled, they can sell the bet slip back to the company in part or in full and get money in their account immediately. The service is available in "My Account – Bet History" or in the "My Bets" tab on the bet slip.

The customer can choose between a full or a partial sale in the bet slip sale dialog window. In this window, the customer can choose the part of their stake they want returned to their gaming account. The remaining part of the stake will stay on their bet slip and will be taken into account when the bet is settled. The amounts are confirmed by pressing the "Sell" button.

The minimum and maximum amounts the customer can get back into their account are determined on a case-by- case basis, dependent on the specific bet placed. In some cases the customer can only sell the bet slip in full. In other cases, depending on the bet, the customer might be able to sell the bet slip in parts, and in several transactions, within the stake amount.

The more time a customer spends on the bet slip sale dialog window once it has been opened, the greater the chance that the amount offered to sell the bet slip for will change. If the situation around the event changes, the price offered for the sale of the bet slip could change too.

Bet slip sale is possible for single, accumulator bets and system bets.

A bet slip sale is impossible if:

- The bet has been settled;
- One or more outcomes on the bet slip have been blocked;
- The bet slip contains outcomes which cannot be sold;
- The bet slip is insured;
- The bet slip has already been sold;
- The price offered to the customer for the bet slip has changed. In this case the customer should choose new amounts in the bet slip sale dialog window.
- A bet slip sale can also be blocked at the discretion of the Betting Company.

The Company is not liable in cases where the service is not available due to technical failure. The Company reserves the right to suspend the service at any time in regard to any betting event without stating a reason. The bet slip sale transaction can be canceled if technical problems have been detected at any stage of the sale. In all such cases, bets are settled as normal based on the event outcome.

The Company does not guarantee that any bet placed on the website can be sold. The customer can only find out whether the bet can be sold after the bet has been accepted. The price of selling the bet slip offered by the Company is not up for negotiation. The customer has the right to accept the terms of sale or refuse to sell the bet slip at the specified price.

An “Auto sell” function is also available. The Customer indicates the amount that he would like to sell the bet slip for. The bet slip sale price will be continuously adjusted in accordance with the odds, and the bet slip will be sold automatically when the price reaches the desired amount.

Before the bet is sold automatically, a customer can themself sell the bet slip in whole or in part. In this case the "Auto sell" function will be deactivated.

"Auto sell" terms fully correspond with "Bet slip sale" rules and its restrictions.

3.2. Powerbet

1. Bettors are offered the “Powerbet” feature on a live or pre-match single bet. The feature can be used while Bet Slip Sale is available.
2. The “Powerbet” feature allows you to boost a bet you’ve already placed on a particular market and, if things turn out in your favor, you could end up winning even more, without having to increase your initial stake.
3. “Powerbet” can be used on a bet you’ve already placed. For example, if you have placed a bet on a Total Over market, you can use a Powerbet to boost the value of Total Over. This gives you the chance to increase your potential winnings from the bet slip in question before your initial bet is settled.

4. Types of bets

The bookmaker offers the following types of bets:

4.1. Single bet

A single bet is a bet on a particular outcome. To calculate the return on a single bet, the stake is multiplied by the odds of your selection.

4.2. Accumulator bet

An accumulator bet is a bet consisting of several selections on unrelated events. To calculate the return on an accumulator, the stake is multiplied by the corresponding odds of all selections within the accumulator. Should at least one leg fail, the whole bet is lost.

4.3. System bet

A system bet is a bet consisting of several accumulators of the same size on a pre-determined number of outcomes.
The maximum number of accumulators within a system is 184756.
The maximum number of outcomes within a system is 20.
To calculate the payout, the returns on all accumulators included in the system are added up.

4.4. Chain

A chain consists of several single bets on unrelated outcomes. The stake in each single bet is equal to the stake placed on the very first selection which rolls over with each bet won. The bettor determines the order of bets being settled within a chain and places a bet on the first selection in the chain. For bet settlement purposes, a concept of a "chain account" is used. As each single bet in the chain is settled, the balance on the "chain account" is adjusted accordingly. Initially, the balance equates to the first stake.
As the chain progresses, should the balance on the chain account be less than the pre-determined stake, this remaining balance will be placed on the next selection.
The chain is settled based on the order of bets on the bet slip rather than chronologically. The balance remaining on the "chain account" after all bets have been settled shall be paid. If the balance on the "chain account" drops to zero at any point, the chain is terminated and the bet is deemed lost.

4.5. Promo code bet

1. The bookmaker offers a "Promo code" bonus bet.
2. A promo code is given to an individual Customer at the bookmaker’s absolute discretion.
3. A promo code may be texted or sent via "My Messages" in the Customer’s online account.
4. Each promo code has its own terms and conditions of use. You can find the terms of each promo code in the Promo section ("Promo Code Check").
5. Bets made with the use of promo codes are non-refundable.
6. Bets made with the use of promo codes are not taken into account for any future promotions.
7. Multiple accounts set up by one user cannot participate in the promotion. The bonus can only be awarded once per person, account, address, email address, credit/debit card number or IP address.
8. The bookmaker reserves the right to withhold any free bets made with the use of promo codes should the security department suspect that promotions are being misused or if any unusual series of bets is detected.
9. A free bet may not be used in part.

How to bet using a promo code if you get a code by text:

- To check your promo code, go to Promo - Promo and click on "Promo Code Check". Enter the code from the text. Click on "View History" to look through all available promo codes.
- Go to the SPORTS or LIVE sections and select an outcome corresponding to the terms of the promo code (single or accumulator bet).
- Click on the selected outcome to put it on your bet slip.
- Enter the promo code into the "Promo code" field on the bet slip. Do not enter a stake.
- Click on "Place a bet"
- If your bet wins, the winnings will be credited to your account.

4.6. Multibet

1. A Multibet is a set of accumulators and single bets. A Multibet may include a Lobby bet or it may not.
2. A Multibet with a Lobby can be described as an accumulator which includes two bets: a Lobby

bet and a system bet consisting of several selections.
3. A Lobby is an outcome upon which the win of a Multibet depends. A Lobby may be placed as a single bet or as an accumulator.
4. To create a Multibet, there must be at least three selections on a bet slip (apart from any Lobby).
5. Should the Lobby lose, the whole bet loses. Should the system bet lose, the whole bet loses.
6. Should the Lobby and one or more legs of the system bet win, the odds of the Lobby shall be multiplied by the odds of the system (depending on how many legs of the system won) and the stake on one leg within the system. If a Lobby is not included in a Multibet, the bet slip shall be treated as a system bet. A Multibet without a Lobby and comprising only of single bets shall be treated as a system bet.

Example. Let's consider settlement of the following Multibet (a Lobby, two single bets and one accumulator)

Lobby – odds 1.8
Block 1 – odds 1.39
Block 2 – odds 1.78
Block 3 – odds 2.44
Stake – €300

The stake on one leg in the system bet amounts to 300/3 = €100
1st Option
The Lobby loses. The bet slip loses.
2nd Option
The system of 2 single bets and the accumulator loses. The bet slip loses.
3rd Option
The Lobby wins.
One leg of the system consisting of 2 single bets wins: Block 1 + Block 3. The stake on one leg in the system amounts to €100. (1.39 x 2.44) x 1.8 = 6.1 x €100 = €610.
4th Option
The Lobby wins.
All legs in the system win. The stake on one leg in the system amounts to €100. (1.39 x 2.44 + 1.39 x 1.78 + 1.78 x 2.44) x 1.8 = 18.36 x €100 = €1,836.

4.7. Conditional bet

A conditional bet is a combination of bets (single bets and accumulators) on unrelated outcomes. The bettor may determine at their own discretion the order of the outcomes involved in a conditional bet. All outcomes shall be settled in the order specified on the bet slip. The bettor may determine at their own discretion the stake on each outcome. The stake on each subsequent outcome may not exceed the return from the preceding outcomes. The bettor may also specify only the initial stake. In this event, the stake on each subsequent outcome in the conditional bet will equal the maximum (100%) return from the preceding selection. Should the first selection lose, the conditional bet loses. The settlement of a conditional bet shall be terminated if one of the selections loses and there are no funds left for subsequent stakes.

Example. The conditional bet consists of three blocks.
Block 1 – odds 1.15, stake €100 (the stake paid by the Customer when the bet is accepted).

Block 2 – a double at odds of 1.39 and 1.13 respectively. The stake amount is set as the maximum.
Block 3 – odds 1.13, stake €100

1st option
Block 1 loses. The whole bet loses as there is no stake available for the subsequent blocks.
2nd option
Block 1 wins. The return amounts to €115.
Block 2 (a double), the stake is set as the maximum (€115). This wins and so the return is (1.39 x 1.13) x 115 = 1.57 x 115 = €180.63.
The stake for Block 3 is deducted from the return. The stake for Block 3 amounts to €100. 180.63 – 100 = €80.63. The sum of €80.63 is credited to the conditional bet account.
Block 3 loses.
The balance on the conditional bet account amounts to €80.63. The return is €80.63.
3rd option
Block 1 wins. The return amounts to €115.
Block 2 (a double), the stake is set as the maximum (€115). The return is (1.39 x 1.13) x 115 = 1.57 x 115 = €180.63.
The stake for Block 3 is deducted from the return. The stake for Block 3 is €100. 180.63 – 100 = €80.63. The sum of
€80.63 is credited to the conditional bet account.
Block 3 wins - 100 x 1.13 = €113
The return amounts to 80.63 + 113 = €193.63
4th option
Block 1 wins. The return amounts to €115.
Block 2 (a double) loses. The stake of Block 2 is set as the maximum, therefore the sum of €115 is lost.
Block 3 wins. The stake is €100. As Block 2 lost, there is no stake.
The bet slip loses.

4.8. Anti-Accumulator

An anti-accumulator is the opposite of an accumulator in terms of bet settlement, which means that the bet wins if the relevant accumulator loses. The bet must include two or more selections on unrelated events, and the bet wins should at least one selection lose.
The combined odds of an anti-accumulator are calculated based on the opposite of the winning probability of an accumulator consisting of the same legs.

Example. The bet slip includes 3 selections.
Selection 1 – odds 1.25
Selection 2 – odds 1.65
Selection 3 – odds 1.85

For this accumulator the combined odds are 3.81. The winning odds of the respective anti-accumulator, calculated by our software, equate to 1.17. The anti-accumulator bet may be settled as follows:

1st option
If at least one selection does not win (is not predicted correctly), and the other selections win, the return will be 100 x 1.17 = €117.
2nd option

If there is a payout at odds of 1.00 on Selection 3, the final odds of the accumulator will be 2.06. Accordingly, the winning odds of the respective anti-accumulator will increase from 1.17 to 1.58. If Selection 1 or Selection 2 do not win (are not predicted correctly), the anti-accumulator bet will win and the return will be 100 x 1.58 = €158.

3rd option

If there is a payout at odds of 1.00 on Selection 2 and Selection 3, the final odds of the accumulator will be 1.25. Accordingly, the winning odds of the respective anti-accumulator will increase from 1.17 to 3.16. If Selection 1 does not win (is not predicted correctly), the anti-accumulator will win and the payout will be 100 x 3.16 = €316.

4th option

Should any of the selections win (be predicted correctly) and should there be a payout at odds of 1.00 on the remaining selections, the anti-accumulator bet will lose.
Should there be a payout for all three selections at odds of 1.00, the stake will be refunded to the Customer's account.

4.9. Lucky

A Lucky bet is a combination of single bets and all associated available accumulators for a specific number of selections. The minimum number of selections is 2, the maximum number of selections is 8.
To get a payout, at least one selection needs to be predicted correctly.

Example. The bet slip includes 4 selections.
Selection 1 – odds 2
Selection 2 – odds 3.5
Selection 3 – odds 4
Selection 4 – odds 1.5
The stake is €150

The Lucky bet will include the following bets:
4 single bets

6 permed doubles
4 permed trebles
1 fourfold accumulator

You have 15 bets in total. The stake shall be calculated as follows: €150/15 bets = €10 per bet.

4 single bets of €10 each

Selections	Odds	Return
Event 1	2.00	20
Event 2	3.50	35
Event 3	4.00	40
Event 4	1.50	15

6 permed doubles of €10 each

Selections	Odds	Return
Event 1 + Event 2	2.00 x 3.50	70
Event 1 + Event 3	2.00 x 4.00	80
Event 1+ Event 4	2.00 x 1.50	30
Event 2 + Event 3	3.50 x 4.00	140
Event 2 + Event 4	3.50 x 1.50	52.5
Event 3+ Event 4	4.00 x 1.50	60

4 permed trebles of €10 each

Selections	Odds	Return
Event 1 + Event 2 + Event 3	2.00 x 3.50 x 4.00	280
Event 1 + Event 2 + Event 4	2.00 x 3.50 x 1.50	105
Event 1 + Event 3 + Event 4	2.00 x 4.00 x 1.50	120
Event 2+ Event 3 + Event 4	3.50 x 4.00 x 1.50	210

1 fourfold accumulator of €10

Selections	Odds	Return
Event 1 + Event 2 + Event 3 + Event 4	2.00 x 3.50 x 4.00 x 1.50	420

Should all single bets win, all other options on the bet slip shall be deemed won. All returns will add up to €1,677.50.

Should only one selection win, for example Selection 4, the return will be 1.5 x €10 = €15. All the remaining 14 options will lose.

4.10. Patent

A Patent involves all the possible accumulators derived from a set number of selections. The minimum number of selections is 3 and the maximum number of selections is 8.
To win, at least one accumulator needs to be predicted correctly (this means a minimum of two selections should be predicted correctly).

Example. There are 4 selections on a bet slip.
Selection 1 – odds 2
Selection 2 – odds 3.5
Selection 3 – odds 4
Selection 4 – odds 1.5
The stake is €110.

The Patent will include the following bets:
6 permed doubles

4 permed trebles
1 fourfold accumulator.

There are 11 combinations. The stake is calculated as follows: €110/11 combinations = €10 per combination.

6 permed doubles of €10 each

Selections	Odds	Return
Event 1 + Event 2	2.00 x 3.50	70
Event 1 + Event 3	2.00 x 4.00	80
Event 1 + Event 4	2.00 x 1.50	30
Event 2 + Event 3	3.50 x 4.00	140
Event 2 + Event 4	3.50 x 1.50	52.5
Event 3 + Event 4	4.00 x 1.50	60

4 trebles of €10 each

Selections	Odds	Return
Event 1 + Event 2 + Event 3	2.00 x 3.50 x 4.00	280
Event 1 + Event 2 + Event 4	2.00 x 3.50 x 1.50	105
Event 1 + Event 3 + Event 4	2.00 x 4.00 x 1.50	120
Event 2 + Event 3 + Event 4	3.50 x 4.00 x 1.50	210

1 fourfold accumulator of €10

Selections	Odds	Return
Event 1 + Event 2 + Event 3 + Event 4	2.00 x 3.50 x 4.00 x 1.50	420

Should all single bets win, then all options in this bet slip shall be deemed won. All returns add up to €1,567.50.
Should only one of the four selections play out as predicted, all the options in this bet slip shall be deemed lost.

5. Deposits and Withdrawals

1. There are various ways of depositing and withdrawing funds from the Customer's account. All deposit and withdrawal methods can be found in the “Payments” section.

3. The Paripesa Security Service has the right to:
    - decline cash withdrawal requests if deposits were made through e-payment systems.

    - refuse any withdrawal if the betting account is misused. In this case your account must be verified before withdrawal can take place.
4. The Paripesa Security Service does not recommend Customers:
    - transfer funds from one payment system to another;

    - In the foregoing events, funds will be returned to your account.

6. Match Results, Dates and Starting Times, Dispute Resolution

Bet settlement may be revised when the bookmaker presents incorrect results.

1. Bets are settled based on the actual starting time of the event, which is determined roughly in accordance with the official documents of the bodies who organize said event. Failing such effective documents, information shall be taken from the official websites of sports federations, the websites of sports clubs, and other sources of sports information.
2. The bookmaker bears no responsibility for a discrepancy between the stated date and time and the actual date and time of an event. The date and starting time of the event as shown in the “Sports” section are indicative. Bets are settled subject to the actual starting time of an event as specified in the official documents of the organizer of such event.
3. The bookmaker bears no responsibility for inaccurate references to the name of a championship or duration of a match (sports event). Details shown in the “Sports” or “Live” sections are indicative. Customers should use other independent sources of information to find out details of the relevant sports event.
4. The weather information in the SPORT and LIVE sections is indicative. Inconsistencies of the weather conditions in the SPORT and LIVE sections cannot be the cause for cancellation of the placed bets.
5. Complaints about results should be submitted within 10 calendar days from the end of the event if there are official documents pertaining to the results of the event issued by the organizer of that event.
6. Bets placed after the starting time of the event shall be settled at odds of 1 (except for live bets); in an accumulator, the odds of such legs shall be taken as 1.
7. If the Customer places a bet on an event of which the result is known to them, such bet shall be canceled. In this event, the bookmaker shall make a decision only after a special private investigation. Any activities related to such a bet shall be temporarily suspended.
8. PRE-MATCH betting. If a match or competition is postponed (rescheduled) for more than 48 hours for whatever reason all bets on this event shall be declared void (this is an approximate time, the bookmaker shall be entitled to keep such bets standing at its absolute discretion for the avoidance of disputes which may arise if the match is postponed for more than 48 hours from the official scheduled starting time). The event shall be deemed postponed or rescheduled if the official scheduled starting time of the event is altered.
9. LIVE betting. If a match or competition is interrupted for whatever reason and continues within 5 hours from its start, all bets shall stand. Unless the interrupted match or competition continues within 5 hours from its start, all bets shall be settled at odds of 1, except when the result of the bet has already been determined. This rule does not apply to events which may end within a period exceeding 5 hours subject to their rules (see p. 9 “Sports Rules”).
10. If a match does not end and is abandoned (see p. 9 “Sports Rules”), the outcomes determined before such abandonment (for example, first half markets, first goal and its time market, etc.) shall be accounted for at the bet settlement. All remaining bets shall be settled at odds of 1.
11. If a participant withdraws before the start of an event, then all bets on such participant shall be declared void.
12. If a participant drops out during the contest for any reason (injury, withdrawal, etc.), all bets placed before the start of the last round of the contest in which he/she took part shall stand. All other bets shall be declared void. If a player withdraws from a tennis match, bets shall be settled under the rules of p. 9.23.
13. If a member of a team (football, hockey, basketball player, etc.) has not participated in the game, the winning odds in their respect shall be deemed equal to 1 unless otherwise stipulated.

14. If withdrawal or disqualification takes place before the start of a tennis match, the winning odds shall amount to 1, except for bets on the win of the participant in question (such bets will be deemed lost). If a tennis match is interrupted, does not end on the same day and is postponed, all bets shall stand until the end of the tournament within which the match was scheduled, until the match is played or any participant withdraws. If a player withdraws from a tennis match, bets shall be settled under the rules of p. 9.23.
15. When two particular named opponents (teams, sportspeople) are expected to participate in an event (match, competition or fight), but later one or both of these opponents change, all bets on the event shall be canceled.
16. In team competitions when one or several players are substituted in any team for whatever reason, all bets on the result of the match shall stand.
17. In doubles matches when the names of the pairs are specified and at least one participant is substituted, the winning odds shall be 1. When the names of the pairs are not specified, all bets shall stand.

    - if a neutral venue, bets shall stand;
    - if the opposing team’s venue, bets shall stand.
19. When the terms “home” and “away” do not apply to an event (for example in dual or individual sports), should an event take place at a venue different to that originally specified, all bets shall stand. NBA, NHL, AHL, CHL, OHL, WHL and East Coast Hockey League teams may be shown in a direct order (home - away) and in a reversed order. If the latter is the case, no stakes are refunded.
20. In friendlies, including club friendlies, when the event takes place in a different venue, all bets shall stand.
21. If there is no description of bet settlement for a particular sport or situation, the same shall be governed by the General Terms.
22. When a dispute of a particular type takes place for the first time, the bookmaker shall make the final decision.
23. In cases when statistics from official and independent sources differ, the company reserves the right to settle bets based on stats acquired from a video recording or an independent source.
24. In the event of discrepancies in data from different sources of information (date, time, result, team title), the bookmaker shall suspend payouts until the authenticity of such data is established through investigation. Should the result of a finished event published on an official website differ from that shown in a TV broadcast, the bookmaker reserves the right to settle bets based on the TV broadcast.
25. If there is an error in the odds output application and the bookmaker admits such error, all bets on such selections shall be deemed won and payouts shall be made at odds of 1.
26. If the initial result of a finished event is revised later for any reason and one party forfeits the game (abandonment shall be disregarded), all bets shall be paid subject to the initial (actual) result. The actual result is the result declared based on the official minutes and other official sources of information immediately after the end of the event.
27. The accumulator cannot contain any related outcomes. Should an accumulator (system) consist of two or more related outcomes, outcomes with the lowest odds will be excluded from the accumulator (system). Related outcomes (related events) are those when one part of the bet affects another part of the bet.
28. A bet on “Team to score a penalty Yes/No” market will be deemed lost if no penalty is awarded during regular time.
29. Bets on “How the goal will be scored” and “Next goal” markets will be deemed lost if the goal number specified in the bet is not scored.

1. The bookmaker accepts bets:
    - on regular time of 80 minutes (four quarters of 20 minutes each or two halves of 40 minutes each)
    - on regular time including overtime (labeled “Including Overtime”).
    The bookmaker bears no responsibility for any inaccurate declaration of the duration of a match. Details shown in the “Sports” and “Live” sections are indicative only. The Customer should check the rules against official sources.
2. Should a match be interrupted before the expiration of 80 minutes, all bets thereon will be settled at odds of 1, except for those markets which had already been unconditionally determined at the time the match was interrupted.
3. If a match venue is changed then bets already placed will stand providing the home team is still designated as such.
4. **To Score First Goal**. If the player has not participated in a match or is introduced as a substitute after the first goal has been scored, all bets on this player will be deemed void. Bets on players who had been substituted or sent off before the first goal was scored will lose. If the first goal is scored by a player on whom no price has been offered, all bets on other players will lose, except for the “Any Other Player” market. If a match has been interrupted before the first goal is scored, all bets will be canceled.
5. A goal (6 points) is when the ball is kicked between the narrower inner goal posts without touching another player, and the scoring team gets 6 points.
6. A behind (1 point) is when the ball is kicked between an inner goal post and an outer behind post, or the ball hits the goal post, or passes over the gate line or the behind line.
7. Bets on “HT-FT” markets are accepted on the half-time and the entire match.

7.2. American Football

1. Bets are accepted on regular time, including overtime, unless otherwise stated.
2. If a match starts but is not completed, all bets will be settled at odds of 1.00, except for the following instances:
    - if the result of the bet is already clearly determined at the moment the match is stopped.
    - if at least 55 minutes have been played in the match at the moment the match is stopped. In this case, the match will be considered to have taken place, and bets will be settled based on the actual score.
3. For bets on “Higher At The End Of The Tournament” markets, if the teams fail to qualify from the group, priority will be given based on their respective places within the group, and then on the winning percentage or amount of points.
4. “Highest (Lowest) Scoring Quarter - Total”. If two or more quarters end with the same highest/lowest score, bets will be settled based on the actual total. In such circumstances, no refunds are provided.
5. “Highest Scoring Quarter”. If the highest scoring quarter is impossible to determine (i.e. when two or more quarters have ended with the same amount of points scored), bets on those quarters will be settled at odds of 1.00. Bets on other quarters will lose.
6. “Highest Scoring Half”. In the event that both halves end with the same amount of points scored, bets will be settled at odds of 1.00.

7. If the match (including overtime) ends in a draw, W1 and W2 bets will be settled at odds of 1.00. Bets on totals and handicaps will be settled based on the match's actual result.
8. Bets on players' touchdowns (anytime, first/last, total) include touchdowns scored via rushing, receiving, interception return, kickoff return, punt return, and fumble return.
9. "Result Of Drive (X)". If a drive is not completed due to the end of a half or the match, bets on this market will be settled at odds of 1.00.
    - Touchdown: This bet wins if a touchdown is scored by the team that had possession of the ball at the start of the drive, including as a result of actions by the offensive line or special teams (e.g. a kickoff return).
    - Field Goal: This bet wins on both a successful and a missed attempt (including a block, miss, or bounce off the crossbar), except when the defending team returns the ball for a touchdown. In that case, bets on a "Turnover" win.
    - Turnover. This includes interceptions, fumbles, turnovers on downs, and all touchdowns scored by the defensive team, whether by the defense or the special team.
    - Punt. This bet wins only if possession of the ball passes to the other team after the punt, except in the following cases:
        - If the offensive team scores a touchdown during the play, bets on a "Touchdown" win.
        - If the defensive team scores a touchdown during the play, bets on a "Turnover" win.
    - Any Other: This bet wins as a result of any other completed result that does not fall under the categories above.
10. "First Down In Drive (X) - Yes/No"
    - Yes: This bet wins if the team achieves at least one first down, including automatic first downs awarded due to penalties.
    - No: This bet wins if there were no first downs during the drive.

2. Should a match be interrupted due to the withdrawal or disqualification of either team in the first game/set, all bets will be settled at odds of 1, except for those markets which had already been unconditionally determined at the time the match was interrupted. Bets on the match winner will be settled at odds of 1 in this case.
3. Should a match be interrupted due to the withdrawal or disqualification of either team, ***the first game/set must have been completed*** for bets on the winner of the match to stand, otherwise all bets on this outcome will be settled at odds of 1. In the event of the withdrawal or disqualification of a player, a forfeit will be declared.
4. If a match starts, but is not completed for any reason (for example, if one of the opponents refuses to continue or is disqualified) and ***more than two games/sets have been played***, the outcomes which had already been unconditionally determined at the time the match was interrupted (for example, the outcome of the first game/set, total of the first game/set, etc.) will count towards the bet settlement. Payouts on other bets will be made at odds of 1 except for bets on the winner of the match. The team which has advanced to the next round or the winner of the tournament will be regarded as the winner of the match.
5. No bet will be canceled because of a misprint in the initials of a sportsman/sportswoman (for

example, B. Smith instead of A. Smith). In this event, bets will stand.
6. "Win The Match". If any of the players named in the outcome is substituted before the start of the match, all bets shall be deemed void.
7. Handicaps and totals for the aforementioned sports must be specified in points except for “Handicap By Sets” and “Total Sets” markets.

If both players are eliminated from the tournament, the one who has advanced further in the bracket will be deemed the winner. If both players are eliminated from the same round, bets will be settled at odds of 1. If the player withdraws from the tournament before it starts, bets will be settled at odds of 1.

7.4. Basketball

    - on regular time (the time of play may be 48 minutes consisting of four quarters of 12 minutes each or 40 minutes consisting of four quarters of 10 minutes each; NCAA – two halves of 20 minutes each);
    - on regular time including overtime (labeled “Including Overtime”). Bets on Stats include OT unless stated otherwise. Other betting terms may be specified in the betting section.

3. If the duration of a match is 40 minutes, at least 35 minutes must be played for bets to stand. If the duration of a match is 48 minutes, at least 40 minutes must be played for bets to stand. In these cases, all bets will be settled based on the results at the time the match was interrupted.
4. In basketball matches (for events labeled “Including Overtime”) bets on handicap and total markets in the fourth quarter and the second half are settled excluding overtime.
5. NBA teams may be shown in a direct order (home-away), as well as in a reversed order. If the latter is the case, no stakes are refunded.
6. "Higher At The End Of The Tournament". Should the teams fail to qualify from their group, bets will be settled based on the place they finish within the group. Should the teams take equal places within the group, then bets will be settled based on their score.
7. The Customer should check the rules of basketball friendlies (whether cup or club friendlies) through official sources. If a friendly ends in a draw (the rules of the match have been changed), bets on the winner will be settled at odds of 1. However, bets on total and handicap markets will be settled on the result.
8. If overtime is played in cup ties due to the aggregate result of a two-legged match, overtime will be taken into account to settle bets on the second match. Likewise, overtime played due to the aggregate result of a two-legged match is also included in “To Qualify”, “To Be Promoted/Relegated”, “Tournament Winner” and other similar bets.
9. Should a basketball match end in a draw, the “Will There Be Overtime? - Yes” bet wins and the “Will There Be Overtime? - No” bet loses.
10. "Half-Time/Full-Time" bets. In the Sports section, “W” represents a win and “X” represents a draw. The outcome of the first half is shown first, followed by the outcome of the game after regular time. For example, W1W2 means that Team 1 won (W1) the first half, while Team 2 were the winners (W2) at the end of regular time.
"Half-Time/Full-Time" bets including overtime. The customer must predict which team will win the first half and which team will win the game with overtime included. Customers may not bet

on a draw.

11. "Highest (Lowest) Scoring Quarter – Total". If two or more highest (lowest) scoring quarters have the same total, no stakes will be refunded. In this event bets will be settled based on the total (when the total of the fourth quarter is settled, no points scored in overtime will count).
12. "Highest Scoring Quarter". If the highest scoring quarter is impossible to determine unconditionally (i.e. when two or more quarters have ended with the same result), bets on such quarters will be settled at odds of 1. Bets on other quarters will lose (when the total of the fourth quarter is settled, no points scored in overtime will count).
13. "Highest Scoring Half". If both halves have ended with the same result, bets will be settled at odds of 1 (when the total of the second half is settled, no points scored in overtime will count).
14. "Team… To Win Both Halves – Yes". When the total of the second half is settled, no points scored in overtime will count. "Team… To Win Both Halves – No". The bet will win if the team specified has drawn or lost at least one half.
15. "Each Team Will Score Over 72.5 – Yes". The bet will win if the total scored by each team during the match amounts to 73 or more.
16. "Each Team Will Score Over 72.5 – No". The bet will win if at least one of the teams has not reached the quoted total.
17. "Total For Each Quarter Over 32.5 – Yes". The bet will win if the total number of points scored in each quarter is 33 or more.
18. "First Foul" and "Total Fouls" bets. Bet settlement is carried out based on the final scoresheet, which includes only personal fouls by players. Technical fouls received by a coach, an official team representative, or a player on the reserve bench may be displayed in the play-by-play, but are not included in the settlement. However, technical fouls specified in the official scoresheet are included.
19. "First Rebound". Predict which team will be the first to have a rebound.
20. Bets on “Turnovers” markets are only settled based on the individual statistics of players rather than on team statistics.
21. Bets on "Rebounds" markets are settled based on the individual statistics of players and the team statistics. For NBA, WNBA only personal rebounds are considered.
22. Bets on the “Race To … Points” markets in the “Sports” section may be available with:
    - two outcomes (W1, W2). For such bets, if neither team scores the specified number of points, bets on a winner will be void (for example, if the score is 19-19, “Race to 20 Points W1” bets will be void).
    - three outcomes (W1, W2, Neither), in which case, bets will be settled according to the results.
23. The “Score By Quarters 2-0” bet will win if Team 1 has won two quarters out of four and the remaining two quarters have ended in a draw. The “Score By Quarters 1-1” bet will win if one team has won one quarter, the other team has won another quarter, and the remaining two quarters have ended in a draw.
24. "Handicap By Quarters". For example, “2 Handicap By Quarters -2.5”. The final score is 81:102 (17:22, 26:25, 18:20, 20:35), the score by quarters is therefore 1:3 (0:1, 1:0, 0:1, 0:1 respectively). The bet loses as when the handicap to Team 2 is applied, the score by quarters is 1:0.5.
25. The “Total Drawn Quarters”, “Handicap By Quarters”, “Score By Quarters” and “Win By Quarters” markets are only settled on the result at the end of regular time.
26. The “1 Winning Margin In Points Interval From -1 to 9” bet wins if the difference in the number of points scored by Team 1 and Team 2 falls within the interval of -1 to 9 points. For example, the score is (85:90) so the winning margin of Team 1 is -5 and thus the bet loses.
27. Bets on the “2-Point Field Goal Percentage”, “3-Point Field Goal Percentage” and “Free Throw Percentage” markets are settled based on the statistics from the official website whereby the percentage values are rounded to the nearest whole number.

28. Bets on the “Total Play Time” market should be specified in minutes. If the total has been named exactly, bets will be settled at odds of 1. 30. **Basketball. Results. Team To Be Higher At The End Of The Tournament.** Bets on this market are settled based on statistics available on the official website.
31. "SuperTotal () Over/Under". The Customer should predict whether the teams will score more or fewer points than the quoted total. For example, "SuperTotal: (166-167 Refund) 167.5 Over". The bet will win if the teams score more than 167.5 points in total. If the teams score 166 or 167 points in total, stakes will be refunded.
32. "SuperHandicap 1/2 ()". The Customer should predict whether the team will win taking into account the quoted handicap. For example, "SuperHandicap 2: (-4; -3 Refund) -4.5". The bet will win if the score difference amounts to 5 points or more in favor of Team 2. If there is a draw after the handicap values (-4) or (-3) have been applied, stakes will be refunded.

For this bet it is necessary to predict whether or not the player will have a double-digit performance in two (double-double), three (triple-double) categories in the match. Statistical categories: points, rebounds, assists, block shots. If the sportsman had a triple-double, then the double-double bet on this player will be settled as a win.
35. Score in the interval. For this market it is suggested to guess whether the quarter score will be in the selected interval. In the left part, the range for the first team score is pointed out, in the right part - the range for the second team score. Example. "Score in the interval 3rd quarter. 22-33: 8-19 - Yes." The bet wins if the 3rd quarter ends with the score of 24-15.
36. **Alternative matches.** In this type of event, the teams’ results in the specified matches are compared (regular time only). If one team forfeits any of the matches, bets on the alternative matches will be settled at odds of 1.00 (refunded).

    - A slam dunk scores 3 points.
    - Teams have 24 seconds to shoot during an offensive.
38. Basketball 1x1 The game is played until a winning score of 11 points is reached or until 10 minutes have elapsed (depending on which happens first). If a game ends in a tie, overtime lasting five minutes will be played. The final consists of the three best players with a winning score of 11 points. The main differences in gameplay:
    - a mid-range shot counts as 2 points
    - a long-range shot (from outside of the three-point line) counts as 3 points

If the starting pitchers are not listed, bets will be accepted regardless of who those starting pitchers are.
2. Bets stand if the planned number of innings is reduced in accordance with tournament regulations or a match is cut short due to one of the teams having an unassailable lead.

In this event, the winner of the play-off will be declared the winner of the tournament and the winner for betting purposes. Other golfers will be treated as runners-up.
5. "**Match-Ups**". The player with the highest placing at the end of the tournament, including any play-off, will be the winner. If one player has missed the cut, the other player is considered the winner. If both players miss the cut, bets are settled based on the lowest score after the cut has been made. If a player is disqualified before the conclusion of two rounds, or after both golfers have made the cut, the remaining player is deemed the winner. If a player is disqualified in the third or fourth round after their opponent has missed the cut, such disqualified player will be deemed the winner. If no odds on a tie have been offered, bets on players who share the same place will be settled at odds of 1.
6. "**Handicap Win**". A player starts with a handicap, which must be applied to their final score. Bets on players who have missed the cut, withdrawn or have been disqualified are deemed to have lost. If both players miss the cut, the handicap applies to their scores at the time the cut was made. Bets on the game will be canceled should both contenders withdraw or be disqualified, or should any player fail to tee off. If not all rounds are played, bets on the handicap market will be settled at odds of 1 unless the outcome of the match has already been determined.
7. "**Group Betting**"/"Top UK players", etc. The player with the highest placing at the end of the tournament shall be deemed the winner. players. Dead heat rules apply at the bet settlement except when the winner is determined by a play-off.

8. "**Handicap Group Betting**". Players within a group will be allocated handicaps. The winner of the group will be determined based on the final score once handicaps have been applied.     Example: “(.....) Will Be In Top 5 - Yes", 3 participants tie for 5th place. The bet slip will be settled according to dead heat rules among the three participants, and the "No" bet will be settled as a loss.

3. "Last Checkout Total 40 Or Less/(41 Or More)". A checkout is the number of points a player needs to score in order to finish the game. This term applies to a game of darts when players start with a fixed score (301 or 501) and the goal is to play down to zero. In theory, when the player's score is 170, they can end the game should they score 170 points on their turn.

    - Pre-match bets: bets will be settled 48 hours after the event has ended.
    - Live bets: bets will be settled 12 hours after the event has ended.
    - Bets on these matches will not be recalculated if the official source adjusts any of its data
6. If the official result of the match is a draw and no prices have been offered for this outcome, any tiebreaker will count, for example, bowl-out, super over, etc. (Bowl-outs and super overs do not count for the settlement of other bets).
7. In matches with a limited number of overs, bets on the statistics for a team or the whole match will be canceled if less than 80% of a team's overs or the total overs are played due to external factors, including adverse weather conditions, except in cases where the result had been determined by the time the innings ended. (it may be possible to merge points 7 and 8 into one, as in the Bengali version)
8. Top Batsman In Match

- A match’s top batsman is determined by the player who scores the most runs. Runs scored in a super over do not count. If two or more players score the same number of runs, the “Dead Heat” rule is applied.
- If a batsman withdraws due to injury, but then returns to the pitch, the total number of runs scored by that batsman in the innings is taken into account. If the batsman does not return to the pitch, their total is the number of runs they scored before withdrawing from play.
- If a certain batsman does not appear in the team’s starting 11, bets on them will be canceled. Bets on players who do not bowl or do not enter play will be deemed to have lost.
- In matches with a limited number of overs, bets will be canceled if less than 50% of any of the team’s overs are played due to external factors, including adverse weather conditions, except in cases where the result had been determined by the time the innings ended.

9. Best Batsman's Team
   - The best batsman’s team is determined by the player who scores the most runs. Runs scored in a super over do not count. If batsmen from different teams score the same highest number of runs and no odds are offered for a draw, the “Dead Heat” rule is applied.
   - If a batsman withdraws due to injury, but then returns to the pitch, the total number of runs scored by that batsman in the innings is taken into account. If the batsman does not return to the pitch, their total is the number of runs they scored before withdrawing from play.
   - If a certain batsman does not appear in the team’s starting 11, bets on them will be canceled. Bets on players who do not bowl or do not enter play will be deemed to have lost.
   - In matches with a limited number of overs, all bets will be canceled in the event of any interruptions due to external factors, except in cases where the result had been determined by the time the innings ended or the batting side reached its target or lost all wickets.
   - If either side, for whatever reason, plays fewer than their scheduled number of overs in their innings (unless they declare or the innings comes to its natural conclusion), all bets will be canceled, except in cases where the result had been determined. However, bets will stand if the result had already been determined before the overs were interrupted.
10. Bets on a player who is not listed in the starting 11 will be deemed void. Bets on players who have been selected for the starting line-up, but do not bat, will be settled at odds of 1.
11. "Runs At Fall Of Wicket". Bets win if the following criteria are predicted correctly: wicket taken and total runs. If the wicket is not taken and the total is higher than the designated minimum total, the bet is settled as a loss. If the wicket is not taken and the total runs exceeds the designated maximum total, the bet is settled at odds of 1.00.
12. Race to 10 runs. Bets stand, unless the listed players do not bat first – in which case, all bets will be void. Bets stand regardless of which of the listed players bats the first ball. If neither player scores 10 runs, bets on a "Neither" outcome win. In matches affected by the weather, if neither batsman scores 10 runs and neither of them is dismissed, bets will be void. If neither batsman scores 10 runs and both are dismissed, bets on a "Neither" outcome win.
13. “() Individual Total Runs First () Overs Over/Under ()”.
    Penalties that are awarded after innings are over do not count towards the number of runs in those innings. If the selected number of overs is not played due to external factors or adverse weather conditions, bets will be voided, except in cases where the result had already been determined. If the selected number of overs is not played in an inning (e.g. because a whole team is bowled out or reaches the required number of runs before the selected number of overs

have been played), bets remain valid.
Extra runs are included when settling bets, regardless of the reason for which they were awarded.
In a test match, the full number of overs specified must be played in full for bets to stand, with the exception of cases where a whole team is bowled out or reaches the required number of runs in fewer overs than specified.

14. Team’s Individual Total Runs. Penalties that are awarded after innings are over do not count towards the number of runs in those innings. Bets on this market are settled based on the final score of the team in bat. In the event of a draw, or if any additional overs are played (super over or golden ball), bets on the outcome of the match in question are settled based on the number of runs scored during regular time. Bets on matches with a limited number of overs are canceled if less than 80% of the team’s scheduled overs are played due to external factors, including inclement weather, except in cases where the result had already been established before the inning was interrupted. Bets on test matches are canceled in the event of a draw, provided that fewer than 60 overs were played, except in cases where the results had already been established.
15. Highest Individual Score (Player's Runs); Player's Total Runs; Player’s Number Of Runs. In test matches, such bets are settled according to the highest number of runs scored in an innings. Runs from two innings are not added together unless otherwise stated.
16. Over, delivery, total runs team 1/2. For bet settlement purposes, deliveries which are re-bowled – and any additional runs awarded for them – count. For example, if the over starts with: Wide - No Ball - Four, then "Four" is considered to be the third delivery in the over.
17. Certain markets may only be settled after all the statistics have been published by the official source, which may take 10-12 hours.
18. Best Batsman In The Match:
    The best batsman in a match is the player who scores the most runs. Runs scored in super overs are not counted. If two or more players score the same number of runs, Dead Heat rules apply.
    If a batsman withdraws due to injury, but then returns to the field, the total number of runs scored by this batsman in the innings is taken into account. If the batsman does not return to the field, their total runs will be the number of runs they scored before withdrawing from play.
    If a batsman does not appear in the starting 11, bets on them will be voided. Bets on batsmen who appear in the team but do not bat will be settled as a loss.
    In matches with a limited number of overs, bets will be voided if less than 50% of the specified number of overs is played by either team due to external factors, such as inclement weather, except in cases where the bets had already been settled.
19. Best Batsman’s Team
    The team with the best batsman is determined based on the number of runs scored by various players. Runs scored in super overs are not counted. If two batsmen from different teams score the same number of runs and no “Draw” outcome is offered, Dead Heat rules apply.
    If a batsman withdraws due to injury, but then returns to the field, the total number of runs scored by this batsman in the innings is taken into account. If the batsman does not return to the field, their total runs will be the number of runs they scored before withdrawing from play.
    If a batsman does not appear in the starting 11, bets on them will be voided. Bets on batsmen who appear in the team but do not bat will be settled as a loss.
    In matches with a limited number of overs, all bets will be voided if the match is interrupted due to external factors, except in cases where the bets had already been settled by the end of the innings, or where all of the batsmen are out.
20. Alternative Outcomes. These markets use a points based scoring system to determine their outcome. The point schedule is as follows: 1 point per run, 20 points per wicket, 10 points per catch, 25 points per stumping.

- Stakes refunded on non-selected players. If a player was not included in the initial lineup, but later entered the match as a substitute, then their result will be calculated based on the number of runs they have scored, irrespective of when they entered the match.
- In One Day matches both teams must face at least 40 overs each, otherwise bets void, unless settlement of bets is already determined.
- In Test and First Class matches, the whole match counts. In drawn games a minimum of 200 overs must be bowled, otherwise bets void, unless settlement of bets is already determined. In Twenty20 matches the match must be scheduled for the full 20 overs and there must be an official result unless settlement of bets is already determined.

21. If any player was substituted and did not return to the game, then their final result will be determined based on their result up to the moment they were substituted. Equally, any player who entered the match as a substitute will also have their results calculated based on the runs they scored.
22. Total Wickets Lost For X Runs. Bets are settled based on the number of wickets lost at the moment the specified number of runs is scored. Wickets lost after the necessary number of runs have been scored are not counted.
    For example: Team 2, Total Wickets Lost For 50 Runs — Under 1.5 If a team has scored 50 runs and lost 1 wicket in the 19th over, and has scored 50 runs and lost 2 wickets in the 20th over, the bet will be settled as a win, since 50 runs were scored with just 1 wicket taken.
    If the number of wickets specified in the bet are lost before the team scores the necessary number of runs, it will be settled based on the current number of wickets.
    For example: Team 2, Total Wickets Lost For 50 Runs — Under 1.5 If, at the moment they score 40 runs, the team has already lost 2 wickets, the bet will be settled as a loss.
    If in a test match a team declares, or the match ends in a draw, or if the goal is achieved, the current amount of runs and wickets will be deemed final and will be used to settle bets.
23. First Innings Lead / Handicap. Betting on this market involves determining the difference in runs scored by the two teams in their first innings in Test matches.
    If a match ends in a draw and fewer than 200 overs were played by each team, bets will be settled at odds of 1.00. This does not include instances where the result of the bet was determined at the end of the first innings. If a declaration occurs in the first innings, bets will be settled according to the results as they stood when the declaration took place.
24. First Ball. A bet on the outcome of the first delivery by one team/in the match. If the first delivery results in a free hit, all outcomes of the free hit will be considered invalid. All deliveries resulting in extras will be taken into account when settling bets. If a delivery results in extras as well as other outcomes, the extras will take precedence when settling bets, unless otherwise specified. For deliveries resulting in extras or a wicket being taken, any additional runs will not be taken into account, unless otherwise specified.
25. "Who will make more run outs", "Team, total run outs". The calculation is based on the number of run outs committed by the fielding team during their innings, according to the official match statistics.

Chennai daily cricket is a regional league played according to the rules of indoor cricket. Teams must play all scheduled overs, or until 5 wickets fall.

1. Scoring rules:
    - if the bail is knocked off the wicket as the result of a bowler's direct hit, the batsman will be dismissed
    - if the batsman does not hit the ball after it is bowled and the wicket-keeper catches (does not catch) the ball, the batsman gets 0 points
    - if the batsman hits the ball and the fielders or the wicket-keeper catch it without it touching the floor, the batsman will be dismissed

- if the batsman hits the ball and the ball touches the floor, in the event that the batsman or non-striker have not reached their respective crease (territory), the batsman will be dismissed if the fielding team knocks the bails off the wicket with the ball
- when the batsman hits the ball into certain zones, they are awarded points as follows:
  - A – 0 points
  - B,C (up to the middle of the field) – 1 point
  - B,C (past the middle of the field up to zone D) – 2 points
  - D (without touching the floor) – 6 points, or if the ball touches the floor – 4 points.

2. If the ball first lands in zone B,C past the middle of the field (2 points), and then goes on to land in zone D (a further 1 point), the team gets 3 points in total. If the ball lands in zone B,C up to the middle of the field (1 point), and then goes on to land in zone B,C past the middle of the field, 2 points are awarded in total.
3. For a dead ball (when the ball is thrown up to and including the center line), 0 points are awarded and the ball is bowled again. If the next ball is also a dead ball, the batsman is awarded 5 points.
4. For physical interference against the batsman, the batsman is awarded 5 points.

9. Team () to Save Follow On. You need to determine if follow-on could be enforced for the team batting second, regardless of whether it is enforced or not. 5. If at the end of a period the score is even, the Golden Goal is used to determine the winner, i. e. the team which scores the first goal will be declared the winner. Should both periods be won by the same team, this team will be declared the winner with the score 2:0.
6. If both teams win a period, there will be a draw. A game is then decided by a “shoot-out”, where a field player goes up against the opposition goalkeeper.

   - a race is terminated;
   - a race is officially declared void;
   - the conditions of a race are changed after bets have been made (subject to the rules);
   - the track is changed;
2. "Participant Will Be In Top 3". Bets on this market will win if the horse finishes among the first three place-getters.

5. Ante-post betting on horse racing. An updated list of runners is released one or two days before the race, depending on its class. As soon as race day odds are published, ante-post markets close. In ante-post betting, horses that are withdrawn from the race and do not appear on an updated list of runners are deemed to have lost.
   If racing is rescheduled for the following day due to weather conditions, then ante-post betting is kept open until the start of racing. If racing is canceled completely, then stakes on ante-post markets are refunded. Race day bets on an event will be settled first, followed by ante-post bets.
   Ante-post bets on horses that are withdrawn from an event marked "Non Runner No Bet" (NRNB) will be settled at odds of 1.00.
6. SP (Starting Price) is the final starting odds on a horse. The starting price is calculated based on the average odds offered by racecourse bookmakers at the time of the off. If a horse is withdrawn before the start of a race, or is declared a non-runner (according to official records), and a new SP market has not been formed, bets on the withdrawn horse will be settled at odds of "1".

All other bets will be settled at odds of 1.
2. Should a match be interrupted due to the withdrawal or disqualification of either team, ***the first game/set must have been completed*** for bets on the winner of the match to stand, otherwise all bets on this outcome will be settled at odds of 1. In the event of the withdrawal or disqualification of a player, a forfeit will be declared.
3. By the decision of the body which organizes the event, the number of games in a match may vary from three to five and the match continues until three games are won.
4. Each game continues up to 11 points. The player who is the first to score 11 points will be declared the winner unless the score is 10:10. 2. Bets will stand in the following cases:
    - a change in playing surface;
    - a change of venue;
    - a change from an indoor venue to an outdoor venue.
3. Should a match be interrupted due to the withdrawal or disqualification of a player in the first set, all bets will be settled at odds of 1, except for bets on games which have already been

completed and bets on outcomes which had already been unconditionally determined at the time the match was interrupted.
Should a tennis match be interrupted due to the withdrawal or disqualification of a player, bets on the winner of the match will stand provided that the first set has been completed. Otherwise all such bets will be settled at odds of 1. Bets on other outcomes will be canceled (settled at odds of 1) except on outcomes which had already been unconditionally determined at the time the match was interrupted.
In the event of a player being withdrawn or disqualified, or if the match is ended early by the player for any reason, the match is considered to end at the time of the last scored point. Any bets made after this time are refundable. Bets on player statistics (aces, double aces, double faults, breaks, etc.) are settled according to the results at the time the match was stopped.
In the event of withdrawal or disqualification, the player in question forfeits.
Example 1. The match Rodriguez vs. Herbert is interrupted with the score at 1:0 (6:2, 0:3) due to the withdrawal of Rodriguez. The following bets will be settled at odds of 1: Handicap 1 (-2.5) Games, Handicap 2 (+2.5) Games, Total Games (21.5), Sets Score 2:0, 2:1 and 1:2. All bets on the first set will be settled. The bet “Total Games Over 21.5” will win, while the bet “Total Games Under 21.5” will lose as the minimum number of games possible to determine a winner is now 22: 1:2 (6:4, 0:6, 0:6). All bets on the first and second sets will be settled. The bet “W2” on the match will win, while the bets “W1” on the match and “Sets Score 0:2 and 2:0” will lose.     - victory in the first set;
    - games handicap in the first set;

5. Handicaps and totals in a tennis match are specified in games.
6. If a game (i.e. from a set) is not completed for any reason (for example, when the match is interrupted and not completed, a player refuses to continue or is disqualified, etc.), bets on this game (i.e. from a set) will be settled at odds of 1.
7. In the deciding set of a tennis match, handicaps and totals are settled based on the score, while for bets on match handicaps and totals the deciding set is considered as one game.
   For example, Grönefeld/Peschke – Niculescu/Zakopalová. Total Under 21.5. The score is (6:3, 3:6, 4:10 points). The third set will be considered as one game. The total will be 6+3+3+6+1=19. The bet wins.
8. ***In respect to tennis matches labeled “champ. tie-break” or “super tie-break”***, handicaps and totals in the match will be settled including the score in any super tie-break.
   For example, Grönefeld/Peschke vs. Niculescu/Zakopalová (champ. tie-break). Total Under 21.5. The score of the match is (6:3; 3:6; **4:10 points**).
   The total here amounts to 6+3+3+6+**4+10**=32. The bet loses.
   In certain tournaments a super tie-break (champion's tie-break) is played instead of a final deciding set. The player (pair) who first scores 10 points will be declared the winner of the match provided that they beat their opponent by at least a two point margin.
9. "Correct Score" (score based on sets). The respective bets in the “Sports” section are 2:0, 2:1, etc.

10. "To Qualify". The Customer should predict which of two named players will advance further in the tournament bracket. Should both players retire from the tournament, the one who has progressed furthest in the tournament bracket will be deemed the winner. Should both players retire from the same round, the winning odds will amount to 1. If a player withdraws from the tournament before its start, the winning odds will amount to 1.
11. "Winner". The player (team) who takes first place in the tournament will be deemed the winner. Should a player withdraw before the start of the tournament, bets on that player will be settled at odds of 1.

13. A tie-break will be regarded as a single separate game.
14. "Points". A point is a result of a serve (each serve ultimately leads to one of the players winning a point – through a rally or a double fault).
    For example, “Point 4 (8th Game) W2” (The second player wins the 4th point (the fourth time the ball is served) in the 8th game). So if the 8th game goes as follows:
    - 1st point: 0-15 (player 2 won);
    - 2nd point: 15-15 (player 1 won);
    - 3rd point: 15-30 (player 2 won);
    - 4th point: 15-40 (player 2 won) – the bet wins.
15. "Score In Set 1". For this bet the correct score of the first set should be predicted. If the first set is not completed, bets on this outcome will be settled at odds of 1.
16. "Match Tie-Break". The Customer should predict whether a tie-break will be in the match. If a match is not completed for any reason and a tie-break has already taken place, the bet “Match Tie-Break - Yes” will win, while the bet “Match Tie-Break - No” will lose. If a match is not completed for any reason and there has been no tie-break, bets on the “Match Tie-Break” market will be settled at odds of 1.
17. "Player First To Challenge A Line Call". The Customer should predict which player will be the first to exercise their right to challenge a line call. If neither player exercises their right to challenge a line call, bets will be settled at odds of 1.

19. “Tie-Break Score In Set”. The Customer should predict the correct score of a tie-break.
    A tie-break is played in order to determine the winner of a set when the score in the set reaches 6:6. A tie-break must be played up to 7 points (the tie-break score can be 7:5, 7:4 etc.).
20. “W 1/2 With Any Other Score”. This bet implies that a player will win a tie-break after a score of 6:6 (or a super tie-break after a score of 9:9).
    Example 1. Klein (Australia) vs. Klec (Slovakia). W1 With Any Other Score.
    - The tie-break ends with the score (7:3) – the bet loses.
    - The tie-break ends with the score (8:6) – the bet wins (as Player 1 won after a score of 6:6).
21. “Match Tie-Break Score”. The Customer should predict the correct score of the tie-break.
22. A match super tie-break is played up to 10 points (the score may be 10:8, 10:6 etc.).
23. “Tie-Break Score. Any Other W1/W2”. Which player will win the tie-break with a score different to those offered?
24. Bets on the “Tie-Break Score” markets will be settled at odds of 1 if there has been no tie-break in the match or in the set, or if the match has not been completed for any reason.
25. “Set To Finish 6:0 (0:6) In The Match – Yes”. The bet will win if the score of any set in the match will be either (6:0) or (0:6).
26. “Player To Lose 1st Set But Come Back To Win”. The bet will win if a player loses the first set

but goes on to win the match.

27. “Sets Scoring”. **For example, the bet “1st Set > 2nd”** will win if there are more games in the first set than in the second set.
28. Statistics (number of aces, number of double faults, first serve percentage, etc.) are quoted subject to information on the respective official websites of the specific tournaments.
29. Bets on specific statistics (number of aces, number of double faults, first serve percentage, etc.) are settled in the following manner when a match is not completed for whatever reason. Outcomes which had already been unconditionally determined at the time the match was interrupted will count towards the bet settlement. Payouts on other bets will be made at odds of 1.
30. A match point is a point which if won by one of the players will also win them the match.
31. “Break Number 1 – Player 1”. The bet will win if Player 1 is the first to win a game when receiving serve (a break point is a point that, if won by the receiving player, will win them the game. This is called a break of serve.).
32. “Total Points In First Game Over (5.5)”. This is a bet on the number of points in the first game. For example, if the game is won after the score (40:30), there have been 6 points and the bet wins.
33. In the “Highest Scoring Period” markets only the first and second sets are taken into account. The bet “Highest Scoring Period – Draw” will win if, for example, the score is (6:3, 3:6, 6:4). The bets “Highest Scoring Period – 1” and “Highest Scoring Period – 2” will lose if the number of games in the first set is equal to the number of games in the second set.
34. “Highest (Lowest) Scoring Set – Total”. Bets on the Total markets will be settled subject to the rules of the respective tennis tournament (i.e. if players have to play until they have won 2 sets or 3 sets).
35. “Who Will Make More Breaks”. There are three outcomes in this market: Player 1, Player 2 and Draw. Should players have an equal number of breaks in the match, the selection “Draw” will win.
36. “Player To Win Their Serve After Score 0:40 – Yes”. The bet will win if a player is losing their service game with a score of 0:40 but then goes on to win the game.
37. "Tie-Break or extra games in the final set". The last 3rd set (“Best of 3” match) or 5th set (“Best of 5” match) are taken into account to settle bets.
38. “First Line Call Challenge To Be Successful – Yes/No”. If both players have not exercised their right to challenge a line call, the winning odds will amount to 1.
39. FAST4 tennis matches are either best-of-three sets (two sets must be won) or best-of-five sets (three sets must be won). A set lasts until four games have been won. If the score is 3:3, a tie-break is awarded. The tie-break is won when a player reaches 5 points but there is no need for a two-point margin, meaning that the tie-break can end with a score of 5:4. If the score in the tie-break is 4:4, the receiving player or team selects which side (right or left) the ball will be served. In a tie-break players will change ends after the first 4 points have been played.

1. Floorball is a type of floor hockey which is played indoors on a hard rink using a plastic ball with holes in it.
2. All bets are settled on the result at the end of regular time (60 minutes of play consisting of three periods of 20 minutes each).
   The bookmaker bears no responsibility for any inaccurate declaration of the duration of a match. Details shown in the “Sports” and “Live” sections are indicative only. The Customer should check the rules against official sources.
3. Extra time and penalty shootouts will only count for the following markets: “To Qualify (For The

Next Round)", "Winner Of The Tournament" and similar.

4. If a match starts but is not completed, all bets thereon will be settled at odds of 1, except for those markets which had already been unconditionally determined at the time the match was interrupted.
5. At least 50 minutes of play must elapse for the match to be declared official. In this event all bets will be settled on the result at the time the match was stopped.
6. Subject to the authorization of the bodies who organize the event, the duration of a match may be shortened to at least two periods of 15 minutes each with an intermission to be determined by the organizers. The Customer should check the rules of the relevant tournament against independent sources.

   The rules of friendlies are determined before the start of a tournament. The Customer should check the rules against independent sources of information prior to placing bets on friendlies.
4. The number of corner kicks in the Russian Football Championship (Russian Premier League) is calculated on the third day after the conclusion of the match. If the number of corner kicks is not specified on the websites listed as Main Sources of Information, bets will be settled at odds of 1.
5. "To Be Higher At The End Of The Tournament" - for international tournaments: World Cup, European Championship, UEFA Champions League, Europa League, Olympic Games, etc.
   "Outcome. To Be Higher At The End Of The Tournament." The bettor must predict which of the two specified teams will finish higher at the end of the tournament/championship.
   If the official website does not provide overall information about placements, bets will be settled based on the tournament table:

   - If both teams finish in the same place within their groups/on the tournament table, bets are settled at odds of 1.00.
   - If a team does not play a single match, bets are settled at odds of 1.00.
   - If both teams are knocked out at the same stage of the knockouts, bets are settled at odds of 1.00.

Bets on the markets "Which Team Will Score More Goals" and "Which Team Will Score (Concede) The Most (Least) Goals" placed on the World Cup, UEFA European Championship, UEFA Champions League, Europa League, Olympic Games, and others, are settled with extra time included, but without taking post-match penalties into account.

12. LIVE bets on yellow cards in a specified time interval are settled without taking the stoppage time into account. For example, if a bet was placed on a yellow card between 85:00 and 88:59 and a yellow card was shown at 90+1 min., the bet will be settled as lost.
13. No yellow or red cards shown to the outfield players or goalkeeper after the final whistle will count for betting purposes. If a yellow card is shown by the referee in the half-time break for an offence committed in the first half (i.e. a deferred yellow card), this card will count for bets on the first half. If the referee shows a yellow card at the end of the match for an offence committed in the second half (i.e. a deferred yellow card), it will count for bets on the second half.
14. **Bets on “Yellow/Red Card” (also referred to as YRC or Cards)** will be settled in the following manner: a yellow card is counted as one card; a red card is counted as two yellow cards. The second yellow card for the same player will not be counted and will be regarded as one red card. This means that one player can have maximum 3 cards per match.
15. The number of yellow and red cards, corner kicks and hits of the crossbar/posts will be determined subject to video footage. In the event of a lack of video footage, or its interruption, the number of yellow and red cards and corner kicks will be taken from official sources. A substitution made in the 46th minute according to the official source will be regarded as a substitution made in the half-time break. A corner kick which was retaken will be regarded as just one corner kick for bet settlement purposes. Only those corner kicks which have been taken will count towards the settlement of bets on Total Corners.
16. **Posts and crossbars.** Only when the crossbar/post is hit by the opposite team and the ball remains in play will such hits count for betting purposes (for example, if the ball has hit the player, the referee, another post or crossbar).     The bet “Total Goals Scored During Power Play OVER 1.5” loses.

The actual matches are Avangard – Salavat Yulayev, which finishes with a score of 4:1 and Metallurg – Sibir, which finishes with a score of 1:2. The score of the alternative match **Avangard – Sibir** will therefore be 4:2. The bet will win as the total number of goals in the alternative match equals 6.

    Example.
    Torpedo/SKA – Dinamo/CSKA Total Under 7.5

It does not matter whether the opposing team’s goaltender is in-goal at this time or whether they have been substituted by a skater and the net is empty. Accordingly, the team which has more members on the ice or the same number of members as the scoring team gets one “minus”, when they concede a goal. 7.44. Gaelic Football, Hurling

Gaelic football is related to football and rugby.

1. All bets on a match are settled on the result at the end of regular time (70 minutes of play consisting of two halves of 35 minutes each or 60 minutes of play consisting of two halves of 30 minutes each). A match must be completed for bets to stand, except for those markets which had already been determined at the time the match was stopped.
2. All bets are settled on the final score of a match. The scoring system is as follows:
   A goal is worth 3 points (when the ball is struck into the net below the crossbar).
   A point is worth 1 point (when the ball goes over the crossbar).
   The goals in Gaelic football are similar to those in football, with the posts rising above the net.

For example, the score for Team 1 was 0-12 (where 0 is the number of goals and 12 is the number of points scored), while the score for Team 2 was 2-5 (where 2 is the number of goals and 5 is the number of points scored. This totals 2x3+5 = 11 points overall). The combined score of the match was therefore 12-11 and Team 1 wins.

7.45. Weather

Weather at airports. We accept bets on weather indices recorded at airports around the world for transmitting weather data.
Bets are accepted on the air temperature and atmospheric pressure indices.

Bets are calculated on the basis of METAR weather reports. Bets are calculated if a change of weather is recorded in the METAR code with the exact date, time, airport, and weather conditions of the bet within an hour and a half of the time specified in the bet. If during that time the results cannot be established, the corresponding bets are settled with the odds equal to 1.

The figures used for the calculation of bets are obtained as follows:

- Air temperature data is provided in degrees Celsius and used for calculation without conversion.
- Atmospheric pressure data is provided in hectopascals. For the calculation of bets hectopascals are converted to millimetres of mercury and rounded to one decimal place.
- Wind speed data is provided in knots or miles per hour. For the calculation of bets knots or miles per hour are converted to kilometres per hour and rounded to the one decimal place.
- All rounding is mathematical, i.e. when the first number dropped is 5, the last decimal place is

rounded up.

The calculation of bets can be revised due to changes in new incoming data. Neither personal observations by customers nor data from any sources other than those indicated in the Terms and Conditions are taken into account.

Rugby Fifteens

1. Bets are accepted on traditional rugby matches featuring two teams of 15 players.

3. Try (5 points): A try is scored when an attacking player grounds the ball in the in-goal area, which is between the goal line (is included in the goal area) and the dead-ball line. A try counts if a player touches the ground with the ball whist holding it in their hand, or presses the ball to the ground with any part of their body from their waist to neck inclusive. When a try is scored, the scoring team gets to attempt a conversion kick and score extra points;
4. A Penalty try (5 points) is awarded if the player could have scored a try but was prevented from doing so by an opponent’s misconduct. Penalty tries are awarded between the goal posts, which makes it easier to score a conversion kick;
5. Conversion (2 points): If a team scores a try, they can score extra points by successfully attempting a conversion. One of the players places the ball in line with where the ball was grounded for a try and kicks the ball at their opponents’ goal. A conversion is deemed to be successful if the ball passes over the crossbar and between the two uprights. At the same time, the opposing team’s players must be in their own in-goal area;
6. A penalty kick (3 points): The referee may award a penalty (place) kick for certain infringements of the rules. The ball is placed at the point where the infringement occurred and one of the players kicks the ball at their opponents’ goal. A goal is scored according to the same rules as a conversion;
7. A drop goal (3 points): If the ball is in play, any player can kick it at the goal. A player intending to score a drop goal must drop the ball to the ground and kick it with their foot after the ball bounces off the ground. It is prohibited for players to shoot directly from their hands.

Rugby league (NRL)

1. Bets are accepted on National Rugby League matches featuring two teams of 13 players.
2. A match consists of two 40-minute halves (regular time). A “try” is when a team scores points in the in-goal area and is worth four points.
3. When a try is scored, the scoring team attempts a conversion. The ball is placed in line with the sideline from the point where the ball was grounded at a convenient distance, after which the conversion is attempted.
4. A successful conversion is worth two points. Points can also be scored with a penalty kick (2 points) or a ‘drop goal’ (an in-play kick of the ball after it has bounced off the ground), which is worth 1 point.
5. If a match ends in a draw in regular time, two 5-minute periods of overtime take place. The ‘golden point’ rule applies in such cases, meaning the team who scores points first wins.
6. If the score is equal at the end of these periods of overtime, a match ends in a draw.

5. Conversion (2 points): When a try is scored, the scoring team attempts a conversion. One of the players places the ball in line with where the try was scored and kicks the ball at their opponents' goal. A conversion is deemed to be successful if the ball passes through the two uprights and over the crossbar.
6. A penalty kick (3 points): The referee may award a penalty (place) kick for serious infringements of the rules. The ball is placed at the point where the infringement occurred, and one of the players kicks the ball at their opponents' goal. A goal is scored according to the same rules as a conversion;
7. A drop goal (3 points) is an in-play kick of the ball at goal once it has bounced off the ground.
8. If a player receives a yellow card, they will be suspended for 2 minutes.
9. If a player is shown a red card, they will be sent off and take no further part in the match.

If the player goes bust, they automatically lose. In all other cases, the dealer takes their turn. If the dealer scores less than 17 points and they get less than 5 cards, they must take additional cards. The dealer can stand if they score more points than the player. If the dealer goes over 21 points, then they lose. In all other cases the points scored by the player and the dealer are compared. The winner is the one who scored more points than their opponent, if the points of the rivals are equal, there is a draw. "21" is played with a standard

1. Poker is a card game in which the winner is a player who collected the highest combination. Two participants take part in the game. Poker is played with a deck of 52 cards. Cards ranking: 2, 3, 4, 5, 6, 7, 8, 9, 10, J, Q, K, A.
2. Poker hands:
    - A royal flush is not a separate combination, but a special case of a straight flush, the best possible hand and consists of 5 high (ace, king, queen, jack, ten) cards of the same suit, for example: A ♥ K ♥ Q ♥ J ♥ 10.
    - A straight flush is a poker hand containing any five cards of sequential rank, all of the same suit, such as 9♠ 8♠ 7♠ 6♠ 5♠. An ace can rank either high or low. 5♦ 4♦ 3♦ 2♦ A♦ is the lowest straight flush.
    - Four of a kind is a poker hand containing four cards of the same rank. For example, 3♥ 3♦ 3♣ 3♠.
    - A full house is a poker hand containing three cards of one rank and two cards of another rank. For example, 10♥ 10♦ 10♠ 8♣ 8♥.
    - A flush is a poker hand containing five cards all of the same suit. For example, K♠ J♠ 8♠ 4♠ 3♠.
    - A straight is a poker hand containing five cards of sequential rank, not all of the same suit, such as 5♦ 4♥ 3♠ 2♦ A♦. As part of a straight, an ace can rank either above a king or below a two. In this example, A ♦ starts the combination and its value is one, and 5 ♦ is considered the highest card. The lowest straight is from the five to the ace, the highest is from the ace to the ten.
    - Three of a kind is a poker hand containing three cards of the same rank. For example, 7♣ 7♥ 7♠.
    - Two pair is a poker hand containing two cards of the same rank. For example, 8♣ 8♠ 4♥ 4♣.

    - One pair is a poker hand containing two cards of the same rank. For example, 9♥ 9♠.
    - High card is a none of the above combinations, such as A♦ 10♦ 9♠ 5♣ 4♣ (ace-high).
3. A kicker is a card in a poker hand that does not itself take part in determining the rank of the hand, but that may be used to break ties between hands of the same rank. In the case of equal hands, the player who has the highest kicker takes the pot. It should be borne in mind the following:
    - The kicker in poker is counted only if the hands consist of four or less cards. In poker hands of 5 cards (all types of straights and flushes), it plays no role, and the pot is divided in half;
    - as a kicker, not only one, but more free cards can be used. Their number is determined by the difference between the community cards (there are 5 in poker) and the cards in hand. Thus, a pair can have 3 kickers, a set has 2, two pairs or four of a kind in a poker have 1 kicker.
4. Should members of staff commit errors or should any software failures occur at the time of bet acceptance (e.g. obvious misprints in the odds, inconsistencies between the odds displayed in the Sports/Live sections and on the bet slip etc.), or should there be other indications of bets accepted incorrectly, the bookmaker is entitled to declare such bets void.

    - At the second stage, each player is dealt one card.

    - Straight: three cards in sequence of any suits, e.g., 5♦ 4♥ 3♠. The Ace can serve as low or high (i.e., QKA and A23 are straights, but KA2 is not a straight). The highest straight is A23, then QKA, JQK, 10JQ, and so forth down to the lowest 234.
    - Flush: three cards of the same suit, e.g., K♠ J♠ 8♠.
    - Pair: two cards of the same rank, e.g., 9♥ 9♠.

You can have a maximum of 9 points, so the total points are determined by the modulo 10 formula; for example, 7 + 6 = 13 = 3, or 7 + 6 + 8 = 21 = 1.

   At the start of the game, the banker and player receive two cards. If one of them gets 8 or 9 points, the game ends. Otherwise, a third card can be given to each of them in certain situations.

   Third-card rule for the player: the player takes a third card if he/she has 5 points or less.
   Third-card rules for the banker:

   - If the player did not take a third card and the banker has over 5 points, the banker does not take a third card.
   - If the player did not take a third card and the banker has 5 points or less, the banker takes a third card.
   - If the player took a third card and the banker has 0–2 points, the banker takes a third card.
   - If the player took a third card, the banker has 3 points, and the player’s third card is not an 8, the banker takes a third card.
   - If the player took a third card, the banker has 4 points, and the player’s third card is between 2 and 7, the banker takes a third card.
   - If the player took a third card, the banker has 5 points, and the player’s third card is between 4 and 7, the banker takes a third card.

    - If the player took a third card, the banker has 6 points, and the player's third card is a 6 or 7, the banker takes a third card.

Integral attribute is a creature's level: the higher the level, the more the squad of such creatures can influence the outcome of the fight. 7.177. Card football

1. Card football is a card game which follows some of football's rules. This game features 2 teams (players): the red team, which only uses red cards (diamonds and hearts) and the black team, which only uses black cards (spades and clubs). Each team has three decks of cards:
    - Goalkeepers are chosen from cards with the following values: 4 to Queen. As both teams have two cards of each suit, this deck contains 18 cards in total.
    - Defenders are chosen from cards with the following values: 2 to 8. This deck contains 14 cards in total.
    - Attackers are chosen from cards with the following values: 2 to Ace. This deck contains 26

cards in total.

2. Each match consists of two halves in which each team makes three attacks. Thus, each team makes a total of six attacks in a match. The highest possible score in a match is 6-6 if each attack results in a goal. The lowest possible score is 0-0.
3. Goalkeepers and defenders for both teams are chosen at random at the start of the match from the relevant card decks mentioned above. After this, each team takes it in turn to attack, with the red team going first. Attackers are also chosen at random. The first attacking card goes up against the opposing team's first defending card. If the value of the attacking card is higher than that of the defending card, the attack continues and the attacking team plays their second card. The value of this card is then compared to that of the second defensive card. If the value of the attacking card is higher than that of the defending card, the attacking team takes a "shot on goal" i.e. they play their third attacking card. If the value of this card is higher than that of the goalkeeper card, the attacking team scores a goal. If not, the goalkeeper "makes a save". The defending team can stop an attack if the value of the defending card is not lower than that of the attacking card, which results in the end of the attack. After the red and black teams' first attacks, both teams' attackers are removed from the game and the next attack starts, using the remaining cards left in the decks of attacking cards. Goalkeepers and defenders are removed from the game at half-time. Each team selects a new goalkeeper and defenders at the start of the second half, just like at the start of the match, and makes three attacks.
4. The team which scores the most goals will be deemed to be the winner. If both teams score an equal amount of goals, a match will end in a draw.
5. As in football, matches nominally last for 90 minutes. Each attack is 15 minutes game time. The time at which the first (red) team score a goal is calculated using the following formula: (attack number – 1) x 15 + 5. The time at which the second (black) team score a goal is calculated using the following formula: (attack number – 1) *15 + 10. For instance, if the red team scores from their first attack, they are deemed to have scored in the 5th minute of the match ((1-1) x 15 +5), whereas if the black team scores from their fifth attack, they are deemed to have scored in the 70th minute of the match ((5-1) x 15 + 10).
6. If any administrative or software-related errors are made while accepting a bet (obvious misprints of odds, inconsistency of odds between the betting market and the bet, etc.) or if there are any other indications that the bet is wrong, the bookmaker reserves the right to declare such bets void.

7.217. Poker dice

1. Poker dice is a game for two players.
2. The aim of the game is to roll a higher ranking hand than your opponent. In this game, 10 six-sided dice are used with the numbers 1 to 6 on the faces of each one.
3. The game is played in three rounds. In the first round, the players throw three dice each. In the second round, they throw another dice each. In the third round, they each throw a final dice (each player will have thrown five dice). The winner is decided based on each hand thrown with the dice.
4. Poker hands listed in order from highest to lowest rank:
    - Five of a Kind: all five dice are of the same value, for example: 44444
    - Four of a Kind: four dice are of the same value, one dice is of another value, for example: 26222
    - Full House: three dice are of the same value, two are of another value, for example: 11313
    - Straight: five dice are of consecutive values (from 1 to 5 or from 2 to 6), for example: 36425
    - Three of a Kind: three dice are of one value, two dice are each of other different values, for example: 63266
    - Two Pair: two dice are of the same value, two dice are of another value, one dice is of another different value, for example: 52151
    - Pair: two dice are of the same value, the remaining three dice each are of other different values, for example: 15312
5. If the two players have hands of equal ranking, then the winner is the player with the higher value combination in their hand (in the case of a Full House, the value of the Three of a Kind in the hand will be considered first).
    - If these values are equal, then the next highest value in each player’s hand will be considered.
    - If both players have the same hand in which the values are all the same (or if neither of the players have a hand), then the player with the higher value not included in their hand is the winner.
    - If all the players’ dice have the exact same values when compared, then the result is a tie.
6. Available bet types:
    - Player 1 to Win / Player 2 to Win / Draw
    - Winning Hand - Pair (if both players have a Pair and the result is a tie, then the bet is settled as a loss)
    - Player 1 / Player 2 to Win With a Pair (if both players have a Pair and the result is a tie,

    - Winning Hand - Four of a Kind (if both players have a Four of a Kind and the result is a tie, then the bet is settled as a loss)
    - Player 1 / Player 2 to Win With a Four of a Kind (if both players have a Four of a Kind and the result is a tie, then the bet is settled as a loss)

7.219. Gold Rush

1. This game involves two participants. The first player to reach the finish line (the gold) will win. Before the game begins, each player is given a randomly determined route (map). The route is shown as cells on the game screen, which represent steps, with some cells speeding players up, and others slowing them down. If a player lands on a speed-up cell, they'll take extra steps forward. If a player lands on a slow-down cell, they'll take extra steps backwards.
   The number of additional steps is shown on the cell itself. Cells that speed players up or slow them down only activate once per game, meaning that if a player lands on that cell again, then nothing will happen.
   The first player to move is given a handicap to negate their advantage from going first. A move involves throwing a 6-sided die, and then making a number of steps on their map equal to the result of the throw of the die.
2. Should members of staff commit errors or should any software failures occur while bets are being accepted (e.g. obvious misprints in the odds, inconsistencies between the odds displayed in the Sports/Live sections of the website and on the bet slip, etc.), or if there are any other indications that bets have been accepted incorrectly, the bookmaker is entitled to declare such bets void. 7.220. Fast Bowling

1. Each game is played to 11 points.
2. Each game is made up of frames. In each frame, bowlers throw a ball at a full set of pins, each player in their own lane.
3. A full set is made up of 10 pins (five red and five white. In each frame, the pins are arranged

randomly).
4. The bowler who knocks down the most pins in a frame gets 1 point. Red and white pins have the same value.
5. In the event that more than one bowler knocks down the same number of pins, both bowlers will receive 1 point.
6. If a bowler steps over the line while throwing the ball, they will have to throw again until they make a throw without a foul, and only then will the result of the throw count.
7. If the score reaches 10:10, the bowlers keep taking turns until one bowler gains a two-point lead.
8. If a frame reaches a tie with a score of 9:10 or 10:9 and the score then becomes 10:11 or 11:10, the game will continue until a gap of 2 points is reached in the score (as one of the bowlers already has a 1-point lead).

7.221. CardsCricket

1. Two opponents take part in the game. Player 1 is the red-suited cards, Player 2 is the black-suited cards.
    - The cards are from 2 to Ace. Therefore, each player has 26 cards.
    - Each team completes 1 over each. An over consists of 6 balls.
    - The first to score points is the red team (i.e the red cards are the batsmen, and the black cards are the bowler). Then, conversely, black scores points. If a wicket is taken, then the inning ends.
    - The second team stops scoring points if they get more points than the first team. The team with the most points wins. It is a draw if the points are equal.
    - During a turn, a card is drawn from both the batsman's and bowler's card pool. If the cards have the same value, it means a wicket is taken. If a wicket is taken, the batsman scores points according to the value of their card.
    - Card values:
        - 2 to 4 - 0 points
        - 5 to 8 - 1 point
        - 9 to 10 - 2 points
        - Jack - 3 points
        - Queen or King - 4 points
        - Ace - 6 points
2. The drawn cards go into a discard pile (a card cannot be played twice). Bowling example (batsman's card / bowler's card): 4 / 5 - 0 points, Jack / Ace - 3 points, Ace / Ace - wicket.
3. Should members of staff make any errors or should any software failures occur at the time of bet acceptance (e.g. obvious misprints in the odds, inconsistencies between the odds displayed in the Sports/Live sections and on the bet slip, etc.), or should there be any other indications of bets having been accepted incorrectly, the bookmaker is entitled to declare such bets void. The winner is whoever gets the most points, and if both players have the same number of points, the round will end in a draw.
2. Opponent’s game logic in a quarter:
    - three cards are dealt from the player's card pool - the first card is a 1-pointer (penalty); the second card is a 2-pointer; and the third card is a 3-pointer
    - for the 1-pointer to be successful, the card’s value must be at least 6 (>= 6); for the 2-pointer to be successful, the card’s value must be at least 8; and for the 3-pointer to be successful, the card’s value must be at least 10
    - once a quarter has been played, the cards are removed from play, i.e. there are 3 fewer cards in the pool
        - example turn: A/5/10 - the 1-pointer is successful, the 2-pointer misses, and the 3-pointer is successful - total: 4 points
    - the maximum score in a quarter is 6 points, e.g.: 6/8/10, Q/K/A - the total here is 6 points.
3. In the event that members of staff make any mistakes, any software failures occur when bets are accepted (e.g. obvious misprints in the odds, inconsistencies between the odds displayed in the Sports/Live sections of the website and on the bet slip, etc.), or if there are any other indications that bets have been accepted incorrectly, the bookmaker is entitled to declare such bets void.         - Correct Score In Match

* A Perfect Victory in a round is when the winning player’s fighter received no damage or was able to fully restore their health.

** A Win On Time in a round is when a player is declared the winner after the 30 seconds allotted for the round have elapsed. In this case, it is the fighter with the most hit points that wins.

*** Round Duration is the number of seconds that have elapsed since the start of the round, and is obtained by subtracting the final number of seconds left on the timer from 30 seconds (the standard timer setting at the start of a round).

For example, if the round ends with 14 seconds on the timer, the duration of the round is 30 – 14 = 16

seconds.

8. Available Markets (Outcomes)

1. The bet “Team 1 To Win” is indicated as “1”.
2. The bet “Draw” is indicated as “X”.
3. The bet “Team 2 To Win” is indicated as “2”.
4. The bet “Team 1 To Win or Draw” is indicated as “1X”. Team 1 must win or there must be a draw for the bet to win.
5. The bet “Team 1 To Win or Team 2 To Win” is indicated as “12”. Either team must win (a match must not end in a draw) for the bet to win.
6. The bet “Team 2 To Win or Draw” is indicated as “X2”. Team 2 must win or there must be a draw for the bet to win.
7. The bet “Team (player, driver etc.) To Win With A Handicap” is indicated as “Handicap” (each handicap has its own odds). A handicap is an advantage or a disadvantage of a team (player, driver etc.) which is expressed in goals, points, sets, seconds etc. and is determined by the bookmaker in respect to a particular bet. The outcome of an event with a handicap is determined by adding the handicap to the actual result. If the result is in favor of the selected team (player, driver etc.), the bet is settled as won. In the opposite case, the bet is settled as lost. If the result is a draw after the handicap has been applied, the bet is settled at odds of 1.
8. The bookmaker offers two types of Total bets: on two outcomes (Over/Under) or three outcomes (Over/Exactly/Under).
   The bet “(Total) Over/Under” is indicated as “Total”.
   This is a bet on the total number of goals, points, games (etc.) that have been scored, earned, played (etc.) by teams (players etc.). The Customer must predict how many goals, points, games (etc.) will be scored, earned, played etc. (more or fewer than the total number quoted). At the bet settlement playing time stipulated hereby for each sport is taken into account, unless the market states otherwise. At the settlement of individual total (also called “player total” or “team total”), no own goal shall count.
   At the settlement of bets on individual total (also called “player total” or “team total”) the number of goals, points, games (etc.), scored, earned, played (etc.) by either team (player etc.) is taken into account.
   If the result is the same as the total quoted by the bookmaker, “over” and “under” bets will be settled at odds of 1.
9. Over/Exactly/Under bets are referred to as a 3-way total. Such bets are labeled “3way” and shall be settled exactly as follows:
   - “Total Under 123 (3way)” – the total number is less than 123.
   - “Total Exactly 123 (3way)” – the total number is equal to 123.
   - "Total 123 over (3way) - total strictly over"
     If the final score is 123, only one bet “Total Exactly 123 (3way)” wins, while bets on total over or under 123 labeled as “3way” are not refunded, as would be the case for ordinary Over/Under bets. Bets on individual 3way totals shall be settled accordingly.
10. The bet “Total Interval”
    The Customer should predict the total in a particular interval. For example, if the bet “Total From 0 to 1” is placed and the score is 0:0, the total number is 0; if the score is either 1:0 or 0:1, the total number is 1. In both cases, the bet wins. Any other bets lose. “No Goals” – the bet wins if the final score is 0:0. The bet «Correct score» — it is necessary to predict a score of a match on regular time (not including OT, penalty shootouts).
11. The bet “Correct Score”. The Customer should predict the exact score in regular time (excluding overtime, penalty shootouts etc.).
12. The bet “HT-FT” is expressed with “W” (for win), and “X” (for draw). The result of the first half (period) is followed by the result of the match. For example, W1W2 means that Team 1 will win

(W1) the first half, and Team 2 will win (W2) the match. In sports where a match lasts for four quarters (basketball, water polo etc.) “HT-FT” bets are settled based on the result of the first half (first two quarters) and the result of the match (in regular time).

13. The bet “Result + Total Goals”
    The Customer should predict which team will win, and the total number of goals.
14. The bet “Goal () Up To 78:00 Minute – Yes”. The Customer should predict whether a team will score the goal before or in the 78th minute.
15. The bet “Scoring Periods (Halves/Quarters/Games/Innings)”; “Sets Scoring”; “Scores In Each Half”.
    The Customer should predict which half, period, quarter etc. in a match will end with the highest score or whether halves, periods, quarters etc. will end with the same score (number of goals/points).
16. The bet “Player Match-Ups in the Final Tournament Table”.
    The Customer should predict which player will perform better in a tournament. If, after comparison, the stats of the players (number of goals scored, points earned etc.) are equal, bets will be settled at odds of 1. Penalty shootouts will not count. The number of matches in which the named player participated will not count either. If a player fails to participate in any match, bets are settled at odds of 1.
17. The bet “Top Goalscorer In The Championship (Tournament)”. The following successive criteria shall apply: goals scored in the tournament; most assists in the tournament; fewest number of minutes played in the tournament. These factors include extra time, but exclude penalty shootouts and own goals.
18. The bet “To Be Higher At The End Of The Championship” The Customer should predict which of the two named teams will be higher in the tournament tableat the end of a tournament. If the scores are equal, bets are settled at odds of 1. Should a team fail to participate in the tournament matches, bets will be settled at odds of 1.
19. The bet “Home-Away” The winner is determined based on a difference in goals (points) scored by the home team and the away team, respectively, including any handicap.
20. The bet “Total Goal Minutes”
    Bets are settled based on the sum total of minutes in which goals were scored in regular time. For example, if goals were scored in the 13th, 25th and 47th minutes, the total number for bet settling purposes is 13 + 25 + 47 = 85.
21. The bet “Points” (volleyball, table tennis, squash, badminton). A point is a result of a serve in the specified game or set.
    For example, “Volleyball. 1 To Win Point 19 (1 set)”. The score of the first set was (8:9) at the time of placement, then the score changed to (8:10), meaning the serve was won by Team 2. Afterwards the score became (9:10), which means that the 19th point was won by Team 1. The bet wins.
22. First Match Goal From () To () Minute. The Customer should predict whether the first goal will be scored in the quoted timeframe.
23. Last Goal From () To () Minute. The Customer should predict whether the last goal will be scored in the quoted timeframe.
24. No Last Goal. The bet wins if a match ends with the score 0:0.
25. Highest Scoring Quarter – Total Under (). The highest scoring quarter is the quarter in which the most goals (points) were scored in comparison to other quarters. The bet wins if the total number of goals (points) scored in the highest scoring quarter is fewer than the quoted number. Bets are not refunded when two or more quarters end with the same highest score; bets are settled based on the total number of goals (points).
26. Lowest Scoring Quarter – Total Under (). The lowest scoring quarter is the quarter in which the fewest goals (points) were scored in comparison to other quarters. The bet wins if the total number of goals (points) scored in the lowest scoring quarter is fewer that the quoted number.

Bets are not refunded when two or more quarters end with the same lowest score; bets are settled based on the total number of goals (points).

27. The bet “Highest Scoring Period”. If the highest scoring quarter is impossible to determine (two or more quarters ended with the same score), bets on such quarters are settled at odds of 1. Bets on other quarters are settled as lost.
    For example: the score is (19:20, 22:17, 21:18, 12:20).
    Highest Scoring Period (1) – refund;
    Highest Scoring Period (2) – refund;
    Highest Scoring Period (3) – refund.
28. The bet “Race To… Points”. The Customer should predict which participant of a match will be the first to earn the quoted number of points. For example:
    “Team 1 To Win Race To 15 Points”. If the score is 15-13, the bet wins; if the score is 12-16, the bet loses; if the score is 10-12, the bet loses.
    “Neither Team To Win Race To 15 Points”. If the score is 15-13, the bet loses; if the score is 12-16, the bet loses; if the score is 10-12, the bet wins. Should any participant refuse to continue for any reason before they or their opponent receive the quoted number of points, bets are settled at odds of 1.
29. The bets “Next Corner () Team ()” and “Next () Y/C Team ()”. If the outcome specified on a bet slip does not take place, bets will be refunded.
30. The bet “Players, Match-Ups, Handicaps” will be settled based on the match-up of players’ individual totals (the number of scored goals) with a handicap. No own goal shall count. If a player is not included in the starting line-up, bets on this player will be settled at odds of 1.
31. The bet “Players, Special, Total”. The bet is placed on the total number of goals scored by the named players. No own goal shall count. If a player is not included in the starting line-up, bets on this player will be settled at odds of 1.
32. The bet “1st and 2nd Place In The Group” wins if the teams named finish in 1st and 2nd places at the group stage in the specified order.
33. The market “First Goal To Be An Own Goal”. If the score is 0-0, the bet “No First Goal” will win.
34. The market “Remaining Time Outcome” (“After Score ()-()”). The Customer should predict how a match will continue after the quoted score. For example, the bet “1X After Score 3-2” will win if the score does not change until the end of the match. The final score is deducted from the specified score: in this example, the score of 3-2 is followed by the score of 0-0 (draw). If the score becomes 3- 3, the bet will lose, because the score in the remaining time after 3-2 will be 0-1 (Team 2 scored).
35. Bets on total playing time are made in minutes. If the total playing time is predicted exactly, bets will be settled at odds of 1. For example, the bet “Total Kyrie Irving Over (39.5)” will be settled at odds of 1 if the player’s total playing time amounts to 39 minutes 30 seconds.
36. Correct Score. Group Bet. The bet “Any Other Score” is settled based on the outcomes specified in the group. There are three groups of outcomes, and score numbers depend on the current score in a match. For example, if the current match score is 0-1, the following selections are offered:
    Correct Score 2-1, or 3-1, or 3-2.
    Correct Score: 1-2, or 1-3, or 2-3.
    Any other score.
    If the match ends with a score of 0-1, the bet “Any Other Score” will win.
37. The market “Win Or Draw”. The market includes only two outcomes. For example, the bet “X Or 2 (Home Win - Refund) – 2” means that the bet is made on a draw or win of Team 2 and the selected outcome is the win of Team 2. The bet will win if Team 2 wins, and lose if the match ends in a draw. If Team 1 wins, the bet will be refunded (according to the condition specified in the market). Bets are accepted on regular time.
38. **Post-Match vs Live**. This bet is formed from two matches, one of which has already taken

place on the current match day and the other will be broadcast LIVE. In other words, customers need to predict the outcome of a bet where they already know one of the results.
If a team forfeits in one of these matches or a match is either abandoned or postponed, “Post-Match vs Live” bets will be void (refunded).

39. The bookmaker may offer other types of bets.

8. “Draw In At Least One Half” The bet “Draw In At Least One Period – No” will win if no period ends in a draw. For example, if the score is (1-0; 0-0), the bet will lose. If the score is (1-0; 0-1), the bet will win.

Should at least one match in the round be canceled, rescheduled, abandoned, or declared void, bets on the “Home-Away” market will be settled at odds of 1 (except for the outcomes which have already been determined).
17. **Handicap**. As well as handicaps in the main markets, the bookmaker offers bets on which team will win with a different handicap. For example, if the final score is 2:1 (regular time): The bet “Handicap [0:1] W2” loses, because after the handicap has been applied, the score becomes 2:2. The bet “Handicap [0:1] X” wins, because after the handicap has been applied, the score

becomes 2:2. The bet “Handicap [1:0] W1” wins, because after the handicap has been applied, the score becomes 3:1.

18. **Teams, Match-Ups.** The Customer should predict which of the named teams will score more goals or earn more points.
19. **Player Total (Individual Total) (basketball, volleyball).** The Customer should predict a player’s individual total according to certain statistics, such as points, rebounds, assists etc. All bets on player totals include overtime or golden set. All bets on player totals are accepted on regular time. Should a member of the team fail to take part in a match, bets on them will be settled at odds of 1.
21. First To Happen. Example: “First To Happen - Yellow Card Or Goal”. The Customer should predict what will happen first in the match: a yellow card will be shown or a goal will be scored. If there are no yellow cards and no goals in a match, bets are settled at odds of 1.
22. A Player Scores Two Goals (Brace)/A Player Scores A Hat-Trick/A Player Scores Four Goals (Poker). The Customer should predict whether one football player will score exactly two goals (brace), exactly three goals (hat-trick), or exactly four goals (poker). No own goal will count.
23. **Player To Get Yellow/Red Card**. The Customer should predict whether the referee will show a yellow or red card to a particular player. 30. **To Score Penalty – Yes/No**. The Customer should predict whether a team will score a penalty kick. If no penalty kick is awarded during a match, bets on “To Score Penalty – Yes” and “To Score Penalty – No” will lose. Example: “Team 2 To Score Penalty – No” The bet will win if a penalty kick is awarded to Team 2 but they do not score the penalty. The bet will lose if no penalty kick is awarded, or Team 2 scores the penalty (scores a goal from a penalty).
31. **Team 2 To Score Their 1 Penalty – Yes**. The Customer should predict whether the team will score the first penalty kick awarded to them. the first goal is scored in this timeframe.

34. **“The Duration Of The Draw” and “Time In The Lead” markets**. Bets are accepted on regular time. Example. During the match (hockey) Team 1 scored a goal in the 16th minute, Team 2 scored a goal in the 21st minute, and Team 1 scored a goal in the 36th minute. The total number of minutes during which there was a draw shall be calculated as follows: first 15 minutes + 15 minutes (36-21) = 30 minutes. The total number of minutes during which Team 1 led shall be calculated as follows: (21-16) + (60- 36) = 5 + 24 = 29 minutes. The bet “Draw For Under 19.5 Minutes” loses. The bet “Team 1 To Lead Over 13.5 Min” wins.
35. **The bet “Correct Score. Any Other Score”**. The bet will win if the score of a match differs from the list of correct scores offered. The bookmaker shall make a list of correct scores at its own discretion.
36. **“Either Goalkeeper To Touch The Ball In The First N Minutes of A Match”** and **“Both Goalkeepers to Touch The Ball In The First N Minutes of A Match”** include any touches of the ball made by either goalkeeper, even if the ball was out of play at that time etc. For betting purposes, any touches of the ball made by either goalkeeper count, regardless of whether they were shown in the live stream or not. If the moment when a goalkeeper touched the ball was not shown in the stream (for example, if a goal kick was not shown due to a replay), the ball is deemed to have been touched when the live stream resumed.
37. For 'Special' and 'Special bets' types of bets, if the outcome of an event was not included in the list of available bets, all bets placed on outcomes that were available for betting will stand and will be settled according to the results.

40. The bookmaker takes no responsibility for any inaccuracy regarding the current scores of matches on which live bets are being accepted. Customers should refer to other independent sources of information.
41. No live bets may be edited or deleted.

10. Examples

10.1. Single bet example

event	bet	odds
AC Milan - Bayern Munich	1	2.0
AC Milan - Bayern Munich	X	3.0
AC Milan - Bayern Munich	2	3.3

You place a bet on Milan's victory with a stake of €100.
The odds on Milan's victory are 2.0.
If Milan wins, the payout will be 100 x 2.0 = €200.
The net gain is: €200 (the payout) - €100 (the stake) = €100.

10.2. Accumulator bet example

event	bet	odds
Dynamo K - Feyenoord	1	2.1
Lyonnais - Inter Milan	X	2.9
Olympiakos - Manchester United	2	2.0

The odds of the selections included in the accumulator bet are multiplied: 2.0 × 2.1 × 2.9 = 12.18.
With a stake of €100 on this accumulator bet, you receive €100 × 12.18 = €1218.
The net gain (excluding the stake) is €1118.

10.3. System bet example

SYSTEM 3/6 (3 WINNING SELECTIONS)

System 3/6 is a bet on all possible 3-event accumulator combinations from the 6 selections. You must correctly predict the outcomes of a minimum of 3 events, otherwise the system bet will lose. Let's say you placed a 3/6 system bet with a stake of €60.
The outcomes are as follows:

	Event	Odds	Result
1	event 1	1.6	win
2	event 2	1.9	loss
3	event 3	1.9	loss
4	event 4	1.3	win
5	event 5	1.45	win
6	event 6	1.85	win

20 different combinations of 3 outcomes can be formed from a total of 6 selections (i.e. Event 1 + Event 2 + Event 3; Event 1 + Event 2 + Event 4; etc.). Each combination forms an accumulator bet within the system.

To calculate the stake for each combination, the total stake (€60) is divided by the number of combinations in your 3/6 system (20 combinations). 60/20=€3. Therefore the stake for each accumulator bet within your system is €3.
You needed to correctly predict at least 3 outcomes from the possible 6. you correctly predicted 4 outcomes: for Event 1, Event 4, Event 5 and Event 6. As 4 outcomes were predicted correctly, any 3 of those 4 events will form a winning combination. There are 4 winning accumulators:

Combinations	Accumulator	Odds
	event 1	1.6
I	event 4	1.3
	event 5	1.45
	event 1	1.6
II	event 4	1.3
	event 6	1.85
	event 4	1.3
III	event 5	1.45
	event 6	1.85
	event 1	1.6
IV	event 5	1.45
	event 6	1.85

To calculate the winnings for each combination, multiply the odds by the stake:
Accumulator I: 1.6 x 1.3 x 1.45 x €3 = €9.05.
Accumulator II: 1.6 x 1.3 x 1.85 x €3 = €11.54.
Accumulator III: 1.85 x 1.3 x 1.45 x €3 = €10.46.
Accumulator IV: 1.6 x 1.85 x 1.45 x €3 = €12.88.
To calculate the total payout on your system bet, total the winnings for all winning combinations in the system:
I + II + III + IV = 9.05 + 11.54 + 10.46 + 12.88 = €43.93.
The total payout is €43.93.

10.4. Asian handicap single bet

When you place an Asian Handicap bet, we essentially take two bets. For example, the bet HANDICAP (+1.25) corresponds to a combination of two bets: HANDICAP (+1) and HANDICAP (+1.5). The odds are the same for both bets. The stake on each of these bets is equal to half of the total stake. The winnings will be equal to the sum of the winnings of both bets. Depending on the outcome, you may: win both bets; win one bet whilst the other one is refunded; or lose both bets.

Asian handicap SINGLE BET example

event	handicap
Villarreal CF	+0.75
Real Madrid	-0.75

In this example, the total stake will be €100.
If you place the bet ***VILLARREAL CF handicap (+0.75)***, effectively the bets HANDICAP (+1) and HANDICAP (+0.5) are placed, each with a €50 stake.

Some possible outcomes are:

1. match score (0:1) – HANDICAP (+0.5) - loss, HANDICAP (+1) – refund.
2. match score (1:1) – HANDICAP (+0.5) - win, HANDICAP (+1) - win.
3. match score (0:2) – the bet loses.

If you place the bet ***REAL MADRID HANDICAP (–0.75)***, effectively the bets HANDICAP (–0.5) and HANDICAP (–1) are placed, each with a €50 stake.
Some possible outcomes are:

1. match score (0:1) – HANDICAP (-0.5) – win, HANDICAP (-1) – refund.
2. match score (1:1) – the bet loses.
3. match score (0:2) – the bet wins.

10.5. Asian handicap bet as part of accumulator bet

If an Asian Handicap bet is a part of an accumulator or system bet, the overall number of combinations is doubled.
ASIAN HANDICAP ACCUMULATOR BET example
You place €100 on an accumulator bet consisting of two events, each event with the total of 3.25. Both events result in the score 3-0.
Essentially there are four accumulator bets here, each with a €25 stake: >3,>3; >3,>3.5; >3.5,>3; >3.5,>3.5. This means that the €25 stake is refunded for one accumulator bet (>3,>3) and all other bets are lost.

10.6. Asian total bet

This is a bet on the total score, where the predicted total must be a multiple of 0.25 (but not 0.5). This bet is calculated as two bets with stakes equal to half of the total stake and equal odds. The totals for the bets are the values which are the closest multiples of 0.5 to your prediction, i.e. the total for one bet will be your prediction + 0.25 and the other will be your prediction -0.25.

ASIAN TOTAL BET EXAMPLE

Example 1: you place the bet TOTAL (1.75) UNDER with a €100 stake and odds of 1.4. To settle this bet, it is split into the following two bets: TOTAL (1.5) UNDER and TOTAL (2) UNDER. The stake is divided equally between the two bets (€50 each).
Some possible outcomes are:

1. match score (0:0) or (0:1) – both bets are won (100 x 1.4 = €140).
2. match score (1:1), (0:2) – TOTAL (1.5) UNDER – loss; TOTAL (2) UNDER – refund of stake (€50).
3. match score (1:2) – both bets are lost.

Example 2: you place the bet TOTAL (1.75) OVER with a €100 stake and odds of 1.4. To settle this bet, it is split into the following two bets: TOTAL (1.5) OVER and TOTAL (2) OVER. The stake is divided equally between the two bets (€50 each).
Some possible outcomes are:

1. match score (0:0) or (0:1) – the bet loses.
2. match score (1:1), (0:2) – TOTAL (1.5) OVER – win; TOTAL (2) OVER – refund of stake (50x1.4

+50=70+50=€120).

3. match score (1:2) – the bet wins (100x1.4=€140).

12.1. Promotions

BONUSES

1. The bonus is a deal between the bookmaker PariPesa and the customer. The bookmaker PariPesa provides the customer with funds for the game, and the customer takes responsibility for satisfying the wagering requirement before requesting the withdrawal of the funds.
2. Bonuses may have additional terms and conditions, so before activating a bonus we strongly advise that you read them carefully to receive complete information and to avoid misunderstandings.

3. Bonuses can only be used by one customer, on one device, at one IP address, in one browser.
4. There can only be one active bonus on an Account at any one time. Bonuses related to deposits are not cumulative. Bonuses are applied one after another. The next bonus will become available after an earlier bonus is redeemed or revoked.
5. The bonuses are only available to customers with fully completed personal information in their Account, with an activated phone number and who agreed to the terms of the bonus program while registering. The minimum deposit amount for participation in the bonus offer depends on the chosen bonus.
6. The bonus amount will be placed into a Bonus Balance and will be kept separate from your Cash Balance.
7. The bonus and winnings received from it will be lost upon the expiry of the bonus. The average bonus validity period is 30 (thirty) days from the date of crediting.
8. The validity period of the bonus free spins depends on the provider and is not subject to regulation by the bookmaker.
9. The bookmaker PariPesa is entitled to change the terms and conditions of bonuses, to suspend or terminate them at any time.
10. The General Terms and Conditions apply.

WAGERING REQUIREMENT

1. While a bonus is activated you have the right to place bets using funds on your main account. Please keep in mind that while there is an active bonus on the account, any requests for withdrawal will be declined until the bonus wagering requirement is met in full or until you reject the bonus.
2. To redeem the bonus, you need to place a required amount in bets. In most cases, if not stated otherwise in the bonus conditions, you are required to place bets with the total stake equal to the amount of the bonus multiplied a specific number of times: the wagering requirement = bonus amount x required number of times.
3. All deposit bonuses must be redeemed by wagering the bonus amount.
4. Until the bonus has been redeemed, stakes cannot exceed €5.
5. After the bonus has been redeemed, your main account will be credited with the remaining bonus funds which will not exceed the total bonus amount. If, after the bonus is redeemed, the bonus account balance is less than the minimum stake amount, the bonus is deemed to have been lost.
6. The stake percentage taken into account for the wagering requirement purposes (“contribution”) is different for different games. Bets on all versions of Roulette, Baccarat, Blackjack, Poker and slots from the "Others" section do not count toward the wagering requirement. Stakes in all other slot games count toward the wagering requirement in full (100%). However please note that these figures may change from time to time. To find out the up-to-date contribution percentages please contact Customer Support.
7. You can make a withdrawal request before the bonus is redeemed. However, in this event the bonus amount and the winnings received while redeeming the bonus will be canceled.
8. All winnings received from playing using bonus funds and requested for withdrawal are to be verified by the Company before the payment is processed. Depending on the outcome of the verification, the Company reserves the right to request the customer provide their personal data and payment method confirmation details.

BONUS CANCELLATION

1. Any customer may decline all or any individual promotions by contacting Customer Support at support@PariPesa.com, via an online chat, or by taking the necessary steps in their Account.

2. When canceling a bonus, your bonus balance hits "zero" and you do not need to meet wagering requirements any longer.
3. You can decline to continue meeting bonus wagering requirements in your Account. If the bonus has been declined after it was partially redeemed, any winnings generated while redeeming the bonus will be canceled.

ABUSE OF BONUSES

1. Bonus abuse by Players is not permitted. The following ratio of bonuses received in relation to deposits is as deemed abuse: 70% bonus funds received on between 5 and 9 deposits; 50% bonus funds received on 10 or more deposits. In the event of such abuse, the Company reserves the right to prohibit the Player from receiving any bonuses and cancel any winnings obtained using bonus funds both during wagering and after it.
2. The bookmaker PariPesa reserves the right to review the transaction history and customer logs for any reason and at any time. If during such a review misuse of bonuses by a player is revealed, the bookmaker has the right to cancel the bonuses for this customer.
3. Players are not allowed to use strategies that compromise fair play. Prohibited strategies include, but are not limited to: multi-accounting, player collusion, low-risk betting, and artificial increase or decrease of bets.
   If a player uses such strategies, the bookmaker reserves the right to exclude them from the bonus program and deny participation in future promotions and/or apply penalty measures
4. Certain betting strategies do not count toward fulfilling bonus wagering requirements. These include, but are not limited to:
   - Betting patterns that minimize risk, such as covering all roulette numbers or placing opposite bets (e.g., red and black).
   - Placing large bets (over €5) to quickly build the bonus balance, then significantly lowering stakes (by more than 50%) without clear rationale.
     These bets do not count toward wagering but do not affect already-won funds. Players will be notified when a bet does not qualify for bonus wagering.
5. When abuse of bonuses by a customer is identified, the bookmaker PariPesa is entitled to apply the following measures to the customer: canceling all existing bonuses and bonus winnings; blocking the customer’s account.
6. You are strongly advised to provide your actual telephone number during registration, as the bookmaker might use it to confirm your identity. If it is not possible to get in touch with you, the bookmaker is entitled to apply restrictions on the use of bonuses, as well as to block your account.

13.2. Virtual 3D-league

Virtual 3D-league is a fast and exciting game designed especially for football fans to follow and root for their favourite team during the whole season.

This option offers the best markets (compared to other 3D football games) to place bets while you can analyze teams' statictics of recent games, tournament brackets, etc.

Twenty teams participate in the league with both home and away matches and subsequently move towards the top of the standings as points are earned.

The game consists of leagues that go one by one day by day. Results of all games can be found in the global statistics tab. Each league consists of 38 game weeks - a period of time during which the teams are to play home and away matches. During the first 19 game weeks half of the teams play home matches, during game weeks 20-38 away matches are played. 10 matches are simultaneously played each game week (total 38 matches in a league). One game week lasts for five minutes (190 minutes for a league).

Before the start of an event an acton line for major outcomes to bet on as well as current week number will appear on the screen.

Teams in the list on the right play home matches, teams in the list on the left play away matches. Logos and teams' short names are given there as well. During the demonstration of odds names of teams are changed periodically to a number of their position in the tournament table, where arrows indicate the value of the progress. Example, the 10 number and the green arrow with a value of "3" indicate that the team according to the result of the previous match has lost three points and rank to the tenth in the tournament table. In case of a dash, the team retained the position.

The first five matches in the list out of ten are streamed - **main match of a week.** In the process of streaming, liveresults of 9 other matches are showing from the bottom line.

Stream of the main match of a week (as all weeks with simultaneous matches) lasts 5 minutes, after which the successive game week starts, or if it was a 38 week, the first week of a new League begins.

Main match is divided on 6 game points, where can be scored a goal. The maximum number of goals in game is 6! There is video replay for scoring chances in a game, shortly after the goal. The score to the left on the screen changes in favour of a team to score a goal. In the same part of the screen there is the information with logos of the teams of the main match of the week, their names,the current time (45 minutes) and a minute of the game.

Having completed a week, the results of the main outcomes and the tournament bracket including the latest games of the week and summary results of previous periods are available for a time. 20 participating teams of a League are in the following order: from the first to the lowest rank depending on number of points. Also there are a history of the last five matches, statistics of victories, losses and draws. A sequential number of the 38th week is changed with the transition to 1 League week. The tournament bracket is zeroed and summarizes the information on the results of new League matches.
